From the Presidents Desk

Hello Neighbors:

I'd like to thank Gary Roussie for the wonderful job he did again this year with the National Night Out. It was a great time for all who attended.

As it was reported in last months issue, members of the board have been working on ways to limit the size and type of the project that has been proposed for Chestnut Ridge. Unfortunately, thus far our efforts have not netted the desired results. We will continue to explore options ranging from negotiations to litigation. I encourage those that will feel the greatest impact by this project to come to the next WRCA board meeting, so we can try to do what you think will best help to reduce the impact. The first major impact on our area, are likely to be a traffic light at Willow Ridge and Chestnut Ridge/Parkhaven. The second major impact will be tenants from this project parking on the street in the vicinity of an extended limited access extension to Dalewood. Problems such as; increased flooding, traffic congestion and crime will be more difficult to pin point the effected areas, but if you have concerns please come and voice them.

I should also mention the extra page of ads in this addition of the WITW. It was decided to take an additional page of ads for this months issue do to the typical low volume of news copy over the summer. A typical issue is limited to the two pages that were added for this purpose. At this point we have annual commitments for nearly all that space. When that is gone we will be unable to guarantee that any additional space will be available.

If you're interested in becoming more involved with the Civic Association, now is the time. During the upcoming meetings we will be looking for candidates for board positions and a slate of officers for next year.

Cam Hill

INK-N-MORE

Refill

Reuse

To My Friends and Neighbors:

As some of you know I have started a new venture in life! It is very exciting and challenging, and the product and processes I have researched for the past year have finally happened, and I have opened my new store, **Ink-N-More**.

You're probably saying, what is **Ink-N-More**? Well it's quite simple. For the "**Ink**" part, I refill and sell inkjet cartridges as well as toner cartridges for laser printers and fax machines. As my business progresses, I'll have "**More**" ideas which I will tell you about in the upcoming months.

My goal is to get the word out about **Ink-N-More** as quickly and inexpensively as possible, and I need your help to do this. Please tell your family, friends, coworkers and employers about the services I provide and ask them to stop by and give my process a try. In the near future, I will have pick up and delivery, or the option for you to drop off your cartridges at 167 Parkhaven Drive. I will return the filled cartridges to you the next day.

Ink-N-More is located at the corner of Glenalby Road and Niagara Falls Blvd, across the street from the Consumers Square Plaza. So if you want to save money, help the environment, have your cartridges refilled to 100% capacity and guaranteed to perform or your money back, stop by and visit my store. I would love to see you!

Thank you for your help and support.
