

It`s time for school holiday

My School is closed now.

It is easter holiday time .

I will be picked up with my friend to go and meet other friends.

I will sit safely in the car.

Once we reach the hub. I get the chance to play with a lot of other friends.

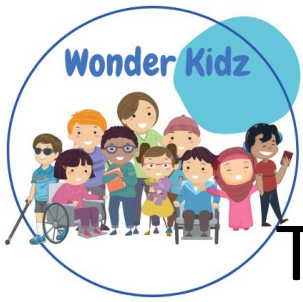

I can play with playdough, sand, paint , water and make some art and crafts.

I can play on a swing or trampoline if I want.

Then it will be the time for morning tea.

After morning tea , I will do a group activity (colouring easter egg or making easter bunny or baking).

I can do it if I want to

And its ok if I don't want to do it with the group I can do something else.

If the weather is good we can walk to the park.

We all get time to play and have fun.

Then we walk back to the hub and wash hands.

Its lunch time ..

I will eat what my mum packed in my lunch box.

I can play with a puzzle
or have a quiet time
or continue my craft project.

Its almost home time..

I will help my friends packing up..

I had a lot of fun and I would love to see my friends again.
