NOTE: We have set the fee for both elements of this gathering AT COST. We trust everyone understands that some people can easily afford this amount while for others it's a stretch. Rather than offering a sliding scale, we ask that, if you're able, please give more in direct support of those who could use some help. **This is another way of associating!** Also, please know that **two substantial monetary gifts have already been made**, one toward each portion of this gathering (the conference and continuing ed), not to mention that **Foxhollow Farm gifts to us** the use of their venue, alleviating a substantial cost. We're blessed. *A small amount of each registration will go toward planting a tree at Foxhollow Farm.*

Catering by Jared Wilkinson:

Jared serves produce from local farms, meat from pasture-raised animals and always includes gluten-free and vegetarian options. **Special requests** will be collected later, following registration.
