

# Welcome to Cape Coral Karate

## From the Joslin Family

Thank you for making the decision to join our school, you can rest assured you have made a good decision. I take teaching karate seriously and do everything in my power to insure a brighter future with the character building life skills taught here at Cape Coral karate. Students developed rock solid confidence, razor sharp focus and self-discipline habits that change lives.

I know what it takes because I've taught these skills for 47 years. It's not magic, it takes coming to class consistently and over a long enough period of time to take marvelous concepts and turn them into habits. But it doesn't stop there, through even more reinforcement we turn those habits into automatic responses. It's then that you get the real benefits of a professional karate dojo. There will be times when kids want to stay in the house and play video games, it's easy to just give in and let them do what they want. Instead of building a habit of quitting we team up, not give up on kids who tend to quit often.

People may join this program for self-defense skills, or to feel more confident, or maybe to get in better shape. All those benefits come with your membership plus the self esteem of earning a Black Belt.

We tell our students, "A black belt is just a white belt who doesn't give up!"

Thank you for supporting the school.

Ron & Nuttah Joslin
