INFORMATION: 1999 GMC Topkick 8500 Dump Truck

For your consideration is a 1999 GMC Topkick 8500 dump truck. The truck is powered by a CAT 3216 diesel engine and an Allison automatic transmission. It currently sits with 49,820 miles and 3569 hours which will not change due to the truck being removed from service. It has a 7' x 10' Load handler dump body that was installed in 2015, the tailgate does not swing freely and is stuck open about 12". The truck will come with a used 12' plow and used cinder spreader. The truck has many new parts including power steering lines, front and rear brakes and components and front shocks. This truck has failed inspection for a rotted frame. It does run and drive well, however cannot be legally driven off the lot due to the lack of state inspection. All maintenance records will go with the truck. The dump truck is sold as is.
