HAPPY NEW YEAR

2020

## FROM FRED

Greetings my Brothers and Sisters and welcome to 2020. It seems like just yesterday we were semi-dreading the coming of 1984, then the world was all a twitter with the approach of 2000 and everything was going to shut down. Nothing happened but you do wonder at times how history accurately predicts the future. Remember 1984 the novel? Remember Big Brother watching you and all that. We scoffed then but today go outside and within a minute you can find a CCTV camera looking back at you. In 2000 we were worried about the computers shutting down and now I can't get mine to turn off. Now it's 2020. Wonder what history has in store for us? Check back next January and we will discuss it. With the start of January we have 5 months left in our Eagle year to accomplish the goals we set last June. Now is when we want to put in play the final assault on our membership goals, getting those charity results tallied up and making plans to attend at least one Zone conference this spring. The State membership numbers are doing well for both the Auxiliary and the Aerie but we can't let up. The 31<sup>st</sup> of May is five months away and SURPRISE!! It will be tomorrow before we know it. Get with your respective membership chairmen and help them out. Plan a joint Aerie and Auxiliary membership drive and work together to sign-up those new members and re-enroll those members who have been dropped. Now is a good time to look at a membership program and perhaps offer specials on a reduced fee for re-enrollment and sign up fees. The Aerie and Auxiliary take a small hit without collecting those fees but the bottom line more than covers the cost. If you find that things like that work for you address it in your by-laws and house rules and have a membership drive every year around this time. Remember OUR State Convention begins on June 18<sup>th</sup> and runs thru the 20<sup>th</sup> in Yakima. Now is a good time to begin planning your trip. Your Aerie and Auxiliary secretaries have all the information you need to register and while you are at it consider something new and exciting; bring a Brother or Sister who has never attended a State Convention.

As we all get older and more years pass by we all experience the passing of folks who have touched our lives and we have touched theirs. Every one of those losses are personally important to us and no loss is more important than any other. December brought with it a personal loss for me in the passing of Past State Madam President Jeannie Parker. I have known Jeannie and her husband, Butchie, for a number of years and came to admire and value their unselfish devotion to the F.O.E. and to all the Brothers and Sisters that they have touched. I mentioned a few months back about Jeannie and Butch and how much they have given to our organization and now we must say goodbye to one of them. I have a mental image of Jeannie walking to the light on her journey home, stopping and turning around and waving good-bye and the light catching all the colors in her hair. What a lady. I am sure that Butch would love to hear from each and every one of us and can be reached c/o Elma Eagles P,O, Box 519, Elma, Washington, 98541.

With that said I will close this down for the month. I extend the warmest wishes for a happy and prosperous New Year for each and everyone and thank you for taking the time to read your state newsletter. I remain, Fred Brattain, Washington State Aerie Outside Guard and proud to be an Eagle. And lest we forget, YOUR State officers are looking forward to a new year of working hard to keep the light on the F.O.E.

## FAD'S

As I think back over my life, I can remember how Fad's have always played a part of the human experience from things to wear to object to be used. It has been a thing to behold. About every ten years the world has a totally new way of looking at itself. This of course is nothing more than a person growing as we all do. I see people not learning as fast as myself in some ways and me not learning as fast as others. In another way the thing is that people tend to keep making the same mistakes over and over even if they know better; myself included. The fads come and go. People throw things away only to buy the same thing always a week later. It's no wonder that most people never seem to get ahead in life. If only as buying things that can be used in twenty years. In other words things that are always going to be useful years later. As a people, all of us would have more to spend and still be able to do three times as much of the things one would like to do. I find that the new stuff is cool, but it will be outdated very soon. And if I keep an item for a while it will come back in style and be high class if I choose well. As a little boy there was a radio. A "Spartan" as I recall. It was a big deal back in the old days to have such a thing. There was the Lone Ranger, the Green Hornet and the Cisco Kid. What fun! As that sort of thing goes. Now there are satellite TV's and telephones that are so smart that they tell people everything they want to know about anything, but this will all change and a different world will eventually appear. It is my opinion that each and every one of us has grown in different ways and that all of us have a different way of living and seeing the world. And yet we are all Eagles. I do believe that ninety percent of us believe in what the Eagles are all about. Now these are old values that were started in 1898 and like all things the good stuff was made to last. Keep them. You can use them all through your life. I am of the opinion that if you do that you will have friends all your life and you'll let little brothers understand that the fads are there but to keep the good stuff for those that follow. People will grow if we allow ourselves to grow but look at history and see what works and keep those things for the future. All past fads come and go but starting over is never good in my opinion. As I look back in time, I know that it is up to each of us to keep what is good in our opinions for the future of the people and for the world that we all live in. That world wouldn't be very good if all of us were the same. Only my opinion of course. When I was 18 years old I had a reverberation unit in my car. I loved it! When the radio played there was an echo all throughout the car. It was short fad but one that I loved. Most of us have had things that each of thought were or are special so save them if you can. I hope that big business can do wonders with it. The new stuff is on the internet, but what if something happened to electricity and it was neutered for a short time? If one looks at history this always has happened in some way. I watch things about ancient civilizations, aliens, or time and space. God! I hope people don't have to start over again. The fads will always come and go so save what you think is cool. Who knows? Maybe you will save the world. The less one throws away the better life one can have. That is what I believe. Remember the old crank phones, the party lines and spies that the neighbors all turned out to be? Secrets are out all over the world but God is with us all. There is no hiding and we all know ourselves.

### **William "Bill" Stotko Grand Aerie Outside Guard**

Bill Stotko, Grand Worthy Inside Guard, joined the Fraternal Order of Eagles in September of 1977, joining the Monroe Eagles #2327 in Monroe Washington. He quickly became involved in the Fraternal side of the Fraternal order of Eagles, working his way through the Officer chairs of his home Aerie. Although Brother Bill was a Truck Driver by trade, he could always be depended on to step up when assistance was needed in maintaining his home Aerie.

Brother Bill became President of Monroe Aerie in 1997 – 1998 after working his way up through the chairs. Brother Bill has also held the position of Aerie President. Bill eventually had to transfer to Everett Aerie 13, in Everett Washington, following the closure of his home Aerie. Since his transfer to Everett Aerie #13, Brother Bill has the positions of Aerie President and Aerie Trustee as well as the Aerie Secretary. Brother Bill has held the position of Aerie Secretary, for 7 Eagles years in both the Monroe Eagles as well as the Everett Eagles. Currently, Brother Bill is once again filling the position of Aerie Secretary.

Brother Bill became the Washington State Aerie President during the 2010 – 2011 Eagle year after working his way up through the chairs beginning his journey at the Trustee level in 2001 - 2002. During this period, Brother Bill was also very involved in the initial development of the Washington State Aerie training program, being a part of the original group that put the training program together. Much of the training program was later adopted by the Grand Aerie in the development of the Grand Aerie Training program.

Brother Bill was selected from among all the Past State Presidents of Washington State to be the Pacific Northwest Reginal President for the Eagle year 2018 – 2019.

During this same period of time, Brother Bill has also been very active in working with Aeries in difficulty throughout the United States. Brother Bill's knowledge of the Grand Aerie Statutes as well as his respect for members rights, has given him the ability, working with these distressed Eagle Aeries and Auxiliaries, to bring them back into full compliance with our order.

Brother Bill has filled the position of Grand Aerie Elections Chairman for the last several years, being instrument in converting the election counting process into an electronic process that is able to tabulate the election count and provide results in hours rather than the days that it used to take. This same process was later adopted by the Grand Auxiliary as well.

Brother Bill and his wife Carey have been married for 33 years and have three children, Philip, Patricia, and Theresa. Additionally, Brother Bill and Sister Carey have seven Grand Children.
