## WHERE ARE THEY NOW ?

**Please see Fred Brattain's article this month. He has a great idea but needs your help to make it happen! Do you remember someone who you used to see a lot and haven't seen for awhile? Maybe someone that was at state convention and no longer attends or someone who used to visit at conferences or district meetings. Think about it a bit and then submit your suggestion as outlined in his article and we will begin a new column here.**

## **Where are they nw? And mor from Fred**

Well, here we are right on the edge of a new year. Is it just me or are the years passing by quicker than they used to? As I am sitting here, tomorrow is Thanksgiving and then the tailspin into Christmas and all that goes with that. This is a time of the year I find humbling, exciting and apprehensive all at the same time. With Thanksgiving we are given the opportunity to be thankful in our own personal ways. As we look back over the past year we all have lost someone that we respected, loved or just enjoyed as a fellow human being. I find some comfort in being thankful to have been given the opportunity to have had those exceptional people a part of my life. I will miss them beyond measure but take joy in having had them as friends. And now the horizon is aglow with the arrival of the Christmas season. How can you not be excited? Of course the season centers on the birth of Christ but also encompasses the joy of family, friendship and of course children. We as Eagles can proudly identify with all the aspects of the season. Enjoy the season, you have earned it. With the coming of the new year we will be half way thru our Eagle year. The Aerie and Auxiliary membership so far appears to be another banner year. Please keep up the good work. Last month I mentioned an idea about talking about members that we may have lost contact with. I have yet to receive any names or ideas. Please think about contributing to this project. Contact either Leonard Blakely at [blakely2308@live.com](mailto:blakely2308@live.com) or JoAnna Anderson at [buford686@netzero.net](mailto:buford686@netzero.net) or me at [phastphreddy@peoplepc.com](mailto:phastphreddy@peoplepc.com). We all have friends out there that need to know that they are still friends. Let us know of those brothers and sisters and we will try to contact them and feature an article about how they are doing. Earlier in the year your state officers began a push for training for aerie and auxiliary officers and grant training. We are starting to see results of those endeavors. If you would like to host a training class at your aerie or auxiliary please contact me at 360 520 1146 or Mike Simonds at [sec@waeagles.org](mailto:sec@waeagles.org) and we will set up a class. These classes are designed to inform and guide your aerie or auxiliary to success. Well, I am being paged to peel apples for pies tomorrow. No brainer. Enjoy the holidays and we will chat on the other side. Be proud to be an Eagle and remember you learn something every day if you pay attention. Rest assured that your State Officers are working to keep the light on the F.O.E.

Fred Brattain,  
Washington State Aerie Outside Guard.

## **From your PNWR Auxiliary President**

Hi All

Just a remainder to sent your charity reports to your PNWR charity chairman ( see last newsletter for list), they need to make their quarterly report.

At this time I would like to wish a Happy Holiday seasons to you and your family. Remember that kind words, respect, and a few hugs will make this busy season better.

Yours truly

Love

Lisa Kennelly

## 55 GALLON DRUMS

For some time now I have been working, doing maintenance on three Quick Stop Gas Stations. One of them had two fifty-five-gallon barrels full of used oil. The barrels had been there a long time and they were rusty. So, being that my good friend Matt had a used oil furnace, I thought it would be a good time to remove them so the oil could be used in the furnace. All went well as Matt and Gary Moog helped load them.

Now this all brought back memories of being eighteen years old and my father conning Bobby into a deal of hauling one thousand used lime and sulfur barrels from the old lime and sulfur plant at the foot of Yakima Street. All the farmers in the valley sprayed lime and sulfur for more than fifty years before this event. The company was going out of business and the barrels were free. To my knowledge the building is now a storage shed for Gail Insulation. The old Ford truck had high wood racks and would haul about seventy-five barrels. I was to get the last two loads for myself. The promise was I could sell my share first at a dollar fifty each. I was a tough teenager and could load them myself. Well, that is what I did most of the time. Every now and then a friend would help. Some of them were full of rust. Others had steel rings around them, and still others were full of water. After about two weeks of throwing barrels on the truck the job was done. It was hard work and even then, I knew Dad had a way of telling Bobby that this will all be yours someday every chance he would get. The barrels were sold one at a time and most of the take went to Dad. Most of them sat there for the next forty years and just rusted away. The county was always torturing myself about the barrels contaminating the soil, but like I always told them lime and sulfur is not toxic, and the barrels had been there before they ever came to Wenatchee. God, they were nasty. Still I had to deal with those barrels in every way shape and form until I sold the farm and hauled all the scrap iron away.

Dad as a young man just married to my mother worked at that old sulfur plant, and I was told from my grandmother and my Mom that Dad would come home stinking so bad that no one could stand him. His clothes would be yellow. The sulfur would eat into his skin and cause many sores. His skin would turn yellow and his hair would be matted. Over time this was plain bad.

As I grew up on the ranch, I sprayed with lime and sulfur every Spring until I was twenty-five years old. The stuff really would yellow your skin, and by the end of the lime and sulfur spraying each year I would have many sores. The yellow skin would last about two weeks. After the spraying was over, the clothes that I sprayed in would be thrown away. Then the spraying would change and now the mixture was oil and sulfur. It was now not so bad and did a better job. The barrels were now not rusted and better to work with, then it would change to just oil.

It seems that barrels were a part of my life no matter what I would do. After the Korean War Dad would buy Government surplus and do government seal bids. I remember the truck loads of 55-gallon drums full of twenty weight motor oil, grease, and all manner of oil products. There must have been about seven hundred 55-gallon drums full of oil. It was used on the farm for the next thirty years. The oil was not as good as it should have been because motors would wear out much faster than normal, and I learned to overhaul them at an early age. The barrels would leak sometimes and there was always oil on the ground, yet the oil was always there. Dad would trade oil for things like tractors and sprayers. The barrels even when empty they were always there to use as water drums, gas and diesel drums, and everything one can think of. Now I still can find things to do with 55-gallon barrels as I have used them all my life. They are wonderful things to use, in my opinion. Cut the top out and use for storage for just about anything will work. Dad would cut out two places on each barrel and fill them with steel, copper and brass. The front loader with two chains would lift them to be put anywhere. I remember when Dad filled them with railroad spikes and stacked them. Oh Yes Dad took the old railroad tracks and bed to Mansfield and Douglas Creek out. I was just a little boy at the time. Now I am still a little boy in a great big world, and barrels have always been around Bobby's world.

Bobby

## **William "Bill" Stotko Grand Aerie Outside Guard**

Bill Stotko, Grand Worthy Inside Guard, joined the Fraternal Order of Eagles in September of 1977, joining the Monroe Eagles #2327 in Monroe Washington. He quickly became involved in the Fraternal side of the Fraternal order of Eagles, working his way through the Officer chairs of his home Aerie. Although Brother Bill was a Truck Driver by trade, he could always be depended on to step up when assistance was needed in maintaining his home Aerie.

Brother Bill became President of Monroe Aerie in 1997 – 1998 after working his way up through the chairs. Brother Bill has also held the position of Aerie President. Bill eventually had to transfer to Everett Aerie 13, in Everett Washington, following the closure of his home Aerie. Since his transfer to Everett Aerie #13, Brother Bill has the positions of Aerie President and Aerie Trustee as well as the Aerie Secretary. Brother Bill has held the position of Aerie Secretary, for 7 Eagles years in both the Monroe Eagles as well as the Everett Eagles. Currently, Brother Bill is once again filling the position of Aerie Secretary.

Brother Bill became the Washington State Aerie President during the 2010 – 2011 Eagle year after working his way up through the chairs beginning his journey at the Trustee level in 2001 - 2002. During this period, Brother Bill was also very involved in the initial development of the Washington State Aerie training program, being a part of the original group that put the training program together. Much of the training program was later adopted by the Grand Aerie in the development of the Grand Aerie Training program.

Brother Bill was selected from among all the Past State Presidents of Washington State to be the Pacific Northwest Regional President for the Eagle year 2018 – 2019.

During this same period of time, Brother Bill has also been very active in working with Aeries in difficulty throughout the United States. Brother Bill's knowledge of the Grand Aerie Statutes as well as his respect for members rights, has given him the ability, working with these distressed Eagle Aeries and Auxiliaries, to bring them back into full compliance with our order.

Brother Bill has filled the position of Grand Aerie Elections Chairman for the last several years, being instrument in converting the election counting process into an electronic process that is able to tabulate the election count and provide results in hours rather than the days that it used to take. This same process was later adopted by the Grand Auxiliary as well.

Brother Bill and his wife Carey have been married for 33 years and have three children, Philip, Patricia, and Theresa. Additionally, Brother Bill and Sister Carey have seven Grand Children.
