Harbordale Park Rehabilitation Starts in May

CITY OF FORT LAUDERDALE IMPORTANT NOTICE!

PARK BOND IMPROVEMENTS AT HARBORDALE PARK

The City of Fort Lauderdale is working with KOMPAN, Inc. to replace the existing playground, construct a new outdoor fitness area, and complete accessibility improvements at Harbordale Park.

Construction Schedule:

Demolition of the existing playground is scheduled to begin in May 2026 and will take approximately two weeks.

Construction of the new improvements will last approximately 6 weeks after demolition and site preparation have been completed.

All construction activities will take place between 8 a.m. and 5 p.m.

All improvements and a full reopening of the new playground and outdoor fitness area are expected to be completed by early July 2026. This is subject to change due to weather or unforeseen conditions.

Impacts:

- The playground area will be closed for the duration of construction.
- Elevated noise levels shall be expected for the first two weeks of construction while demolition is performed.
- The existing parking along Miami Road, adjacent to the park, will be limited during the eight (8) weeks of construction.
- There may be minimal impacts along Miami Road, although a full road closure is not anticipated.
- Please follow all posted signs and drive with caution.

We appreciate your patience and cooperation as we work to enhance our parks and greens spaces. For updates on this and other park improvements, please visit parks.fortlauderdale.gov/bond.
