According to our records, your Facility Accreditation is due to expire _____ .

Please choose one of the options listed above. Upon receipt, we will issue your new, updated Accreditation Documents. You may send this document and payment to us by mail at the address above, or electronically to Catherine@National-Accreditation.com. You may pay by check with your mailed renewal or by credit card on our website www.National-Accreditation.com. Renewal is due by the end of the month of expiration.

Your renewal will be accepted if it is 100% complete and your basic information is reasonably verifiable. There are approximately 130,000 Private Schools, PreK – 12th Grade, located across America, who employ in excess of 1,700,000 administrators, teachers and staff. Current enrollment in Private Schools is estimated to be approximately 13,600,000, along with their estimated 23 million Parents, share an enthusiasm for Private Education.

On average, Private Schools have better attendance records, fewer discipline problems, and perform better on standardized testing. Private Schools generally operate without the benefit of public tax dollars and have no large bureaucracy or complex infrastructure to support. Independent Private Schools continue to survive economically and focus on quality education while serving solely at the pleasure of the discerning public.

By your signature, you certify that the information on your original Application for Accreditation remains correct.
