

GITPO

CLUE 2

Make 62 rail fence units, using dark and neutral fabrics. Units will finish at 3.5", and 3" when finished in the quilt.

Cut 12 strips 1.5" of dark fabric

Cut 6 strips 1.5" of neutral fabric.

Sew a neutral and dark strip together.

Press to dark. Sew a 2nd dark strip to the neutral, starting your stitching at the opposite end of the first seam. This will help prevent the strip set from curving. Press 2nd seam to dark.

Make 6 strip sets.

Subcut into 3.5" sections. You should get 11 units per strip set.

Place all units in a baggie and label as Clue 2
