WHITE PEACOCK THERAPIES

Our mission is to make holistic health and personal development affordable, inclusive, and transformative! We believe that when people feel safe, seen, and supported, they thrive and so do the communities around them.

Our up coming courses include an accredited programme that combines online learning through the Guild with practical training days. From the very beginning, you will receive full support and guidance from our Holistic Master and Teacher.

Reiki 1&2

Practice 1: Sat 10th Jan 2026

Practice 2: Sun 18th Jan 2026

Indian Head Massage
