Retirement Plan Solutions

WHO WE ARE?

Alden Capital is a financial services company focusing on solutions that improve the investment returns and profitability of our clients. We develop innovative products and services for the rapidly evolving investment landscape.

WHY CHOOSE US?

- We save you and your employees money by offering access to investments with some of the lowest expense ratios in the industry.
- We offer complimentary access to our custom-built risk tolerance models.
- We Assist with plan design optimization to improve long-term returns and drive better outcomes.
- We conduct regular meetings to assess over all status of the investment program.

Co-Fiduciary Responsibility

- Help mitigate risk by assisting in understanding and meeting fiduciary obligations
- Assist in designing and reviewing the Investment Policy Statement
- Perform regularly scheduled plan audits
- Act as a 3/38 or 3/21 investment fiduciary

Employee Education

- Explain retirement plan benefits and review options for employees
- Provide education for employees on the importance of contributing to a retirement plan
- Help employees determine if their retirement plan is on track
- Deliver holistic financial wellness solutions beyond retirement, including voluntary insurance benefits and other financial planning solutions

Investment Monitoring

- Promote investment diversification
- Present innovative investment product options that may fit employee financial needs
- Experience with provider selection and state-of-the-art benchmarking tools, coupled with plan transition services
- Yearly detailed cost-benefit analysis
