

Little Miss Sunshine: Kathryn Ventress

To dearest Olive, our Little Miss Sunshine, much loved and anticipated first grandchild.

As we approach your third Christmas in what has been the most worrying year, 2020 I can't help but think what a joy you are.

At two years and three months you display an expanding vocabulary that delights with every visit. Your independent spirit, happiness and zest expresses itself in your love to dance, sing, paint, play and laugh. Your special interest in nature shows and gladdens, whether at the beach or walking in the garden or bush.

Your name Olive carries a special meaning. The Olive branch being a universal sign of peace.

May your life contain both peace and all the expressions of joy you already exhibit.

I hope to be a witness of all your gifts for many years dearest Olive,

Much love, Granny.
