

A Letter to Tenzen Kunsal

Hello my name is Phunstock. I am a Tibetan nun who came to Australia from India in 2016. This is a letter to my five-year old niece on her special day of starting school in Tibet.

Hello Tenzen,

How are you today? I would like to say Tashi Delek and to wish you a long and successful life. As you know I am a nun and if I was in Tibet, I would give you a present of a white scarf. I can't see you and so all I can do is pray for you.

I want you to know that many of your ancestors were from the beautiful House of Kansa. You should be proud because they were very good people. They were true and honest. I pray that you will be good like them.

I will pray for you.
