

A lullaby for Millie

Alice String

Millie, Millie, what a terrific kid
Close your eyes your little eyelids
Now go to sleep my darling

Millie, Millie, my little pet
I see that you're not sleepy yet
Rest your eyes and go to sleep my darling

Millie, Millie, my pretty little girl
Why not give sleep a whirl
Just close one eye my darling

Millie, Millie, my little cutie
Now at last my sleeping beauty
Sleep, long and well my darling

Millie, Millie, at last I lay down
My head's on the pillow but then I frown
Are you okay my darling?

Millie, Millie, to your bedroom I tread
Are you sleeping or are you dead?
Oh! dreaming peacefully my darling

Darling Millie, I'm back in bed
Hoping rest and sleep stretch ahead
Because we'll do all this again tomorrow ... my darling.
