

Branka Kringas - My animal Kingdom

Animals and birds
From near and far come
And visit me.

Bailey a greyhound
Gentle soul sits with me
Keeps me company

Mitsy handsome tomcat
Looks for a comfy chair
And falls asleep.

Possum roof habitant
Raids my veggies one night
My invisible foe.

A white faced heron
It sprang his mighty wings
And flew away.

Birds I hear
Chee-oo-chee and chip,chip, chip
But can't see.

Fluffy baby kookaburra
Resting after it's first flight
Then tries again.

Blue tongue lizard
In my rock garden peers
And quickly disappears.

I was young
Looked after many dear pets
Animals and birds.

Now I'm old
It seems to me pets
Look after me.
