

## Do's and don'ts: Stephen Swift

Stephen, a few do's and don'ts.

*Do*, do as you're told. Its for your own good.

Hug mam and dad more and more as you get older. Too soon it's too late.

Get to know your brother better finally.

Take more notice at school.

*Don't*, ignore grandma and grandad, they know a lot.

Don't take family and people you know and like for granted. They're very soon gone.

Be HAPPY.

Love, Older Stephen
