

## Flamboyant: Wendy Margaret

What a wonderful word!

It fills one with expectations.

Brilliant colour and flight come to mind.

Flamboyance can belong to a person, or a piece of clothing, or a personality.

It's eccentric, it's wild, forget the conservative child.

Where it comes from nobody knows, but I claim it myself keeping folks on their toes.

You can't take it from me, it's here to stay.

Hopefully to last till the end of my day.

Flamboyance I embrace and love you!
