OPPORTUNITIES

ABOUT CRYPTO CURRENCY

Cryptocurrency is a digital or virtual form of currency that uses cryptography for security and operates on a decentralized network called a blockchain. It is designed to function as a medium of exchange, allowing secure and direct transactions between parties without the need for intermediaries like banks. Cryptocurrencies like Bitcoin and Ethereum and Tron are examples of popular cryptocurrencies

OMEGA PRO (OMG)TOKEN

Omg Token endeavours to leverage on its high-tech technology and innovative solutions to help and support investors, traders as well as every common man; to learn, execute and maximize gains from forex, stock, crypto trading and other technology based products and services

About Omg Token

Omg Token is open source smart contract token deployed on Binance Blockchain . Every transaction done for this token will be recorded on blockchain ledgers and visible to everybody. Tron blockchain works on POS (Proof of stake) that is the consensus mechanism used to validate block transactions. PoS-powered blockchains are maintained by validators. The validation process in PoS is called “forging.” If a node intends to participate in the block creation process, it simply has to stake the native token. There is no need to spend on electricity or purchase specialized hardware.

OMGTOKEN UTILITY

Omg Token can be used as a transaction token on any of the Omg Token, Copy and Bot trading platforms.

Omg tokens can be used for online shopping, at retail stores, in education, in logistic. In simple way it can be used to buy from a pin to plane and for all digital monetary transactions.

STAKING

Staking is a popular way to earn passive income with your crypto investments. Staking offers crypto holders a way of putting their digital assets to work and earning passive income without needing to sell them.

You can think of staking as the crypto equivalent of putting money in a high-yield savings account. When you deposit funds in a savings account, the bank takes that money and typically lends it out to others. In return for locking up that money with the bank, you receive a portion of the interest earned from lending – albeit a very very low portion.

Similarly, when you stake your digital assets, you lock up the coins in order to participate in running the blockchain and maintaining its security. In exchange for that, you earn rewards calculated in percentage yields. These returns are typically much higher than any interest rate offered by banks.

Staking has become a popular way to make a profit in crypto without trading coins.

STAKING REWARD PLAN

Stake your OMG Token (BEP20) and get attractive Reward upto 3x of your staked OMG.

Gold Staking Package
1000 Omg To 100000 Omg
Get 10% Monthly
Upto 3X. Including Capital
With All Income
