HILLMAN CHRISTIAN
ACADEMY

**A Safe Biblical Learning
Environment Today For
Tomorrow's Future**

*To bring God glory by providing an
exceptional Biblical-centered education*

*"Each child learns essential academics
and explores truths about God and His
world without being pressured to keep
up with a group."*

“How do children learn?”

The answer to this question can open the door of success for your child. Recent studies indicate that children:

- Have different learning styles and learn at different rates.
- Were created with varying talents and academic potential.
- Must master specific development skills..
- Learn best through a focus/ mastery learning approach.
- Increase mastery and retention through repetition and review.

Since children learn with varying learning styles at different rates, Hillman Christian Academy provides placement assessments and designs **a personalized learning plan for every child.**

Our Purpose

To impact lives by teaching children to discover their purpose before God in a culture where they are known and valued.

Our Program

The format is designed around mastering skill upon skill.

The scope and sequence ignores the concept of grade level and moves with continuous progress beginning with the first skill to be mastered.

Depending on their ability and motivation levels, students may move ahead rapidly or take as long as necessary, but each student masters the material.

As the child moves upward, level after level, and moves into new concepts, they are far better prepared to learn because they have mastered the skill on the previous level. They do not advance until they have mastered each concept. They are **not** in lockstep with their classmates but are learning individually and completely before advancing.

“Just-in-Time” (JIT)

A child’s skill controls the flow of learning not their age.
