GHOST IMAGING

Our unique Ghost Imaging process has been a popular item since it's creation. A custom logo of your choice is ghosted into the background of your plaque and the text is cast over the background image to give it a three dimensional look.

These plaques would be great for military and city service memorials or dedications. Keep in mind that the background image is not highly detailed - given the name ghost. The finished product will look best when the background art is simple with heavy lines.

PORCELAIN PORTRAITS

As an alternative option for including a photograph on your cast plaque, we now offer Porcelain Portraits. Each image is enhanced, color corrected and retouched to make the best presentation possible. Using the latest in ceramic printing technology, images are printed at high resolution and then kiln-fired to achieve an image that is resistant to fading, freezing and deterioration and can be placed on any of our cast dedication plaques.

BLANK INSERT PLAQUES

ECONOMY/CAST PHOTO

CEMETERY MARKERS – FLOWER GARDEN DONOR – TREE DEDICATIONS – PET MEMORIALS

The ultimate plaque for outdoor use is cast aluminum or bronze, but where excessive amounts of copy, limited space or economy is required an applicable alternative would be our original BIP- the popular Cast Photo Plaque with an optional metalphoto insert. Metalphoto is anodized aluminum with a resistance to abrasion, chemicals and high temperatures and offers extensive outdoor life in the harshest environments.

PLAQUE SIZE – 4”X6” WITH 3”X5” IMPRINT AREA

SPM2 – 4”X6” cast aluminum plaque with raised double border, stake mount, and a 3”x5” metalphoto insert installed. The plaque has cast rear mounting including a 24”x 1/4” straight aluminum rod. If you would like the stake bent at a 45° angle please request it when placing your order.

FPM1 – 4”X6” cast aluminum plaque with raised double border, flat back, and a 3”x5” metalphoto insert installed. The plaque has 4 mounting screws included.

BLANK INSERT PLAQUES

The Blank Insert Plaque is a heavy cast aluminum backer with a 3/8" deep recessed area, that is painted with a raised double line border (either in the standard brushed aluminum or Holly Bronze™ finish) and a blank recessed area to quickly and easily showcase your custom insert. Metalphoto, plastic, sublimation or etched products are only a few examples that would work beautifully in these high quality, durable backers.

The standard sizes below are available with three types of mounting, and include hardware. Our standard stake or post mount, or our new stake bracket mounts with a 1" aluminum stake, shown on page 5 can be added for an additional charge.

These versatile plaques are available with or without a Metalphoto insert and can be shipped out quickly to provide your customer with a beautiful finished product within a short time frame.
