

# MAINTAINED VESSELS BY INEXPLICABLE THINGS

## WHAT IS A MAINTAINED VESSEL?

A maintained vessel is a spiritual tool—like a poppet/doll baby or similar container—that holds and channels the energy of your full ritual.

Think of it like a long-term energy anchor designed to keep your work active, focused, and powerful.

You don't have to feed it. You don't have to tend it. We do the work for you, every month.

---

## WHY WOULD I NEED THIS?

Because sometimes life gets in the way. Not everyone has the time, space, or privacy to keep up with ritual maintenance at home. If you want results—but know you can't (or won't) do the upkeep—a Maintained Vessel keeps your work alive and moving.

We work the vessel monthly on your behalf. Candle rituals, herb additions, energy charging—the works. You'll receive photos each month of your vessel's maintenance, so you can stay connected to the process without having to lift a finger.

---

# YOUR OPTIONS

## 1. Full Ritual + Maintained Vessel

We perform your ritual, create the vessel during that process, and keep it maintained monthly.

## 2. Stand-Alone Maintained Vessel

We skip the full ritual and just create and maintain a vessel for your chosen purpose. Understand that this option is only useful if YOU have already been doing work towards a specific outcome. Without that, the vessel may not yield any results.

## 3. Ship-It-to-Me Vessel (No Maintenance)

We create and bless the vessel and ship it to you. You take over maintenance. (Effort required.)

---

## WHY THREE MONTHS?

Because that's the bare minimum amount of time it takes to know if the energy is landing.

Magic isn't DoorDash. Real shifts need time.

This isn't just a billing cycle. It's a spiritual contract.

Three months lets the energy stabilize and show results. You can continue the maintenance beyond that (many clients do), but you must commit to at least the first three months.

---

# BILLING

---

## HOW BILLING WORKS:

You pay \$25 at checkout. That's your first month.

After that, you'll be sent a link to our Vessel Patreon page.  
There, you'll subscribe for monthly maintenance (\$25/month).

You'll receive monthly photos as an update of the work being done.  
Easy, automatic, and no reminders necessary. Just spiritual upkeep  
on autopilot.

Miss one payment? The vessel skips that month.  
Miss two payments? The vessel is dismantled and disposed of.  
No exceptions.

---

## WHAT YOU NEED TO DO:

Decide which vessel option you want.

At checkout, use the correct email.  
Mama Sha' will contact you there.

Email us all your info (photo, name, DOB, petition details, etc.) in  
ONE email to: [info@inexplicablethings.com](mailto:info@inexplicablethings.com).  
Or you can use the downloaded form for Vessels.

Nothing is scheduled until we receive your information.

If your listing says "Free Shipping," don't panic—nothing is being  
shipped. That's just a tech limitation.

---

## WHAT CAN VESSELS BE USED FOR?

You name it.

If you don't see what you need listed, just ask us.

Here are common types:

- Protection (often after a spiritual cleanse)
- Fiery Wall of Protection
- All Forms of Love/Relationship Work
- Binding & Influence
- Curse, Chaos, or Financial Drain
- Prosperity & Success
- Self-Love & Confidence

These are NOT beginner jar spells.

These are long-term metaphysical tools, charged during ritual and maintained over time to create real energetic shifts.

---

## WHAT WE DO:

- Create a custom vessel (with a poppet, a taglock or photo and petition)
- Charge and baptize it during your ritual
- Add herbs, petitions, photos—whatever Spirit calls for
- Work it monthly (or more) with the appropriate spiritual actions
- Send you photo updates monthly
- If it's being shipped, we provide care instructions (and shipping fees may apply)

If you have any questions about vessels, their maintenance or anything of that nature, please reach out to Mama Sha'!
