Welcome to 2025-2026 OC Trial Test Course (OCTTC)

The OC Trial Test Course (OCTTC) is specifically designed for Year 3 and 4 students as a means of preparing them for the opportunity class placement test in Year 4.

Students who enrol in OCTTC will have access to simulated exam questions in exam-like settings, allowing them to improve their time management skills, minimise errors, overcome test anxiety and achieve their highest potential in the actual exam.

In conjunction with the OCTTC program, we are dedicated to assisting our students in realising their full potential and fostering their self-assurance to succeed in their OC placement tests.

What are the benefits of OCTTC?

OCTTC prepares students for exam success by introducing them to question formats and simulating the test environment, enabling them to feel more comfortable and confident during the actual exam. Consistent practice of exam-style questions on a weekly basis will lead to steady improvement in competence. Students' performance is accurately assessed and monitored every week, providing parents with an estimate of the score level their child may achieve on the actual exam. Additionally, parents can gain insight into which OC schools are most suitable for their child's application based on their child's OCTTC performance.

How the OC Trial Tests are organised

- ❖ **2025-2026 OCTTC Framework:** The OCTTC framework is designed to accommodate new types of exam questions introduced in recent OC placement tests.
- ❖ **Computer-Based Format:** The OC Trial Test Course uses a computer-based trial testing format, mirroring the new format for OC exams.
- ❖ **Weekly Sessions:** Students participate in weekly OC trial test sessions—covering reading one week, and mathematical reasoning and thinking skills the following week. These sessions continue until the OC exam in the subsequent year.
- ❖ **Test Review Sessions:** Students work with teachers and tutors to review questions, with a focus on more challenging questions.
- ❖ **Immediate Test Reports:** Test reports are accessible on Cyberschool right after each session.
- ❖ **Access to Test Questions:** Students are permitted to access OCTTC test questions only during their scheduled class sessions. This course does not provide take-home test questions. As part of the enrolment process, parents or guardians are required to read and sign the OCTTC Enrolment Consent Form, confirming their understanding and acceptance of the OCTTC enrolment conditions.
- ❖ **Cyberschool Service:** Cyberschool resources and services are offered free of charge to students enrolled in the OC Trial Test Course (OCTTC). Please note that while complimentary, they are not included in the tuition fee. Access is available for a limited time only and may be subject to change without prior notice. Once the designated access period concludes, these resources and services will no longer be available.

Test Format

The course uses a computer-based testing format, mirroring the actual selective school exam. Students take the tests on individual testing devices provided by the college during class sessions. Students must handle their assigned testing device with care to prevent repair costs. Any damage caused by misuse will be the responsibility of the parents.

Make-Up Test Policy

If students are unable to attend their regular OCTTC class, they are required to schedule a make-up test at the Strathfield Head Office within ONE week from the missed session. Please note that test reviews will not be available for any make-up tests.

OCTTC Fee Payment Regulations & Discount Offer

- The current OCTTC fee is \$75 per session.
- Enrol in full term OTTC before the course starting date. If you enrol after the course starting date, you must pay the fee for the remaining number of sessions of the term.
- Take advantage of the discounted OTTC fee by enrolling in full-term OCTTC and WEMT courses together for the same term at the same branch. – currently \$ 67.50 per session. Please note that WEMT course fees are separate, and this discount does not apply to holiday OCTTC.
- **Package Deal:** Secure incredible savings with our exclusive **OCTTC Full Package Price Offer**. For more details, please see Page 4.
