Year 5 WEMT Course

Our Year 5 WEMT course has been upgraded with comprehensive module content. While this update introduces a more rigorous weekly workload, it is specifically designed to forge a powerful foundation for **selective school success and independent school scholarships**.

- ❖ **Writing:** Learn to structure arguments and organise ideas to craft compelling, high-scoring essays.
- ❖ **Reading Comprehension:** Master techniques to decode challenging texts and navigate complex multiple-choice questions with absolute confidence.
- ❖ **Mathematical Reasoning:** Build a bulletproof understanding of advanced concepts, formulas, and efficient problem-solving strategies.
- ❖ **Thinking Skills:** Sharpen your logic through engaging exercises designed to enhance critical thinking and cognitive agility.
- ❖ **Choose Your Learning Path:** We provide two flexible ways to experience the WEMT advantage:

Selective Trial Test Course (STTC)

This STTC dives deep into the exam, familiarising students with the format, timing, and conditions they'll face on test day. Through weekly trial tests, they'll tackle a variety of question types and learn powerful strategies to succeed in the exam. The key benefits of STTC are:

- **Practice makes perfect:** Regular trial tests build confidence and familiarity with the exam format.
- **Master the strategies:** Learn expert tips and tricks to approach each question type effectively.
- **Detailed feedback:** Analyse your performance with individual results accessible on Cyberschool.
- **Writing mastery:** Get expert feedback on your writing from experienced English teachers.
- **Power up your STTC performance with Cyberschool:** Take full advantage of accessing exclusive Cyberschool activities and resources designed to support your STTC!

Thinking Skills for Selective (Thursday)

The "Thinking Skills for Selective" Course is specially designed to foster the development of problem-solving and critical thinking abilities, equipping our students with the necessary skills for success in their academic journey and ultimately, for the selective school placement test. With a comprehensive focus on preparing them for the thinking skills component, the course will cover a diverse array of essential topics.

Course Overview:

- The course aims to provide students with the tools and techniques to approach challenges with confidence and creativity.
- Through engaging activities and thought-provoking exercises, our dedicated teacher will guide the students on their path to becoming proficient critical thinkers.
- Students will learn effective problem-solving skills to tackle complex issues in various subjects.
- Students will be encouraged to analyse, evaluate, and draw reasoned conclusions from the information they encounter.
- As students develop their thinking skills, they will gain confidence in their abilities to excel academically.
- The course is open to Year 5 students who are aiming for the selective school placement and will cover essential topics to equip them with the necessary knowledge for the thinking skills test.
- **Choose the learning style that suits you best: We offer two flexible thinking skills course options:**
