Wood Producers Working Together To Help Themselves At Woodlot Management & Marketing Forest Products

Nominations for SNB Forest Products Marketing Board Woodlot Owner of the Year (2022)

Each year, fellow SNB woodlot owners nominate private woodlot owners in recognition of their outstanding efforts in managing their woodland. The award increases public awareness of the importance of forest management and encourages woodlot management among other woodlot owners.

Once nominations are submitted, a review committee selects SNBFPMB's Woodlot Owner of the Year and the award presentation takes place at the Annual Meeting, followed by a tour of the recipient's woodlot later in the season. Some of the selection guidelines are that harvesting has occurred or is ongoing with the intent to produce future crops, have a management plan or have management goals for the woodlot. Consideration is also given for environmentally sound forest management practices, active personal involvement, innovative techniques, and conscientious and effective management techniques.
