FINE TEAS

HARNEY & SONS

MASTER TEA BLENDEERS

EST. 1983

WHOLESALE CATALOG

TEATIME IS ANYTIME

John Harney was the founder of our firm; also an exemplary husband, father, grandfather, and visionary. He is no longer with us, but his spirit, wisdom, and vigorous enthusiasm for the world of tea are very much present. It was Papa John, as he is known, who coined the phrase “Teatime is Anytime,” a simple fact that the ancient Chinese knew and which you can find demonstrated hourly anywhere. Harney & Sons tea is enjoyed on all seven continents. So... the sun never sets on Harney & Sons.

John and Elyse Harney, photographed March 2014.

We believe that by offering a splendid cup of tea, and quite a lot of interesting new products, we are making life just a little better. We’ve designed this wholesale catalog to be informative, innovative and useful so you can order whatever you want quickly and easily. Meanwhile, we welcome questions, requests and suggestions. Our business is helping your business thrive.

Brewing the perfect cup

We care about the quality of our tea and we know your customers do too. A good pot of tea cannot be made from inferior tea, use great tea! Water affects the taste of your tea so use pure or filtered water. Tea picks up flavors and odors so store it in sealed containers (or our tins) and away from the light. Heat your pot by filling it with boiling water. Recycle the water. Use one teaspoon, teabag or tea sachet for each cup of tea. Follow the steeping instructions as each tea has their own required time and temperature. Once the steeping time is reached, remove tea, teabag or sachet to achieve the perfect strength. Enjoy.

Proper Steeping Temperatures & Time

White Teas	175° F	3 minutes
Green Teas	160°-175° F	1-3 minutes
Oolong Teas	180°-212° F	3-4 minutes
Darjeelings	175°-212° F	3-4 minutes
Black Teas	212° F	5 minutes
Herbals	212° F	5 minutes

Suggested brewing times apply for loose tea, sachets or tea bags.

MATCHA

We source our matcha of the highest quality from Uji, Japan. We have products fine enough for a Japanese tea ceremony, Organic Everyday Matcha and specially delicious flavored Matcha. For frothy Matcha Lattes and culinary purposes, use Organic Everyday Matcha.

METHOD FOR CRAFTING THE PERFECT CUP

1. Measure 2 heaping scoops with a bamboo scoop or 1 teaspoon of Matcha powder and add to a bowl.
2. Pour 4 ounces of 175 degree water, using a whisk, agitate the water until it froths.
3. Be careful not to scrape the bottom of the bowl, and to keep your whisk as vertical as possible.

THE HEMP DIVISION

Unique and effective ingredients, from the roots up.

In 2018, brothers Michael and Paul Harney embarked on a mission: create an all-new, extraordinary fusion of fine tea and premium CBD. Fueled by their 30+ years of combined tea experience, they decided to do it from the roots up.

From first planting and tending to drying, extracting, packing, and bottling, every moment goes towards creating great results. The Hemp Division now boasts a lively selection of Tea + CBD blends for all occasions, from hot and iced brews to sparkling beverages. The Hemp Division is committed to crafting the highest quality products all *From the Roots Up*.
