

TOWN OF ROSEBOOM COMMUNITY POWER PROGRAM: Electricity Supply at Competitive Rates

March 26 Info Session: Answers to Your Questions!

The Town of Roseboom is planning to participate in an upcoming bid to consider an electricity supply contract through Town of Roseboom Community Power. Town of Roseboom Community Power is a Community Choice Aggregation (CCA) electricity supply program. CCA programs can provide eligible residents and small businesses with access to renewable electricity supply options at competitive rates, with no individual contracts for consumers. Benefits include support for renewable energy, competitive rates, and strong consumer protections.

The program can have a measurable positive environmental impact by giving each of us a way to reduce our carbon footprint.
