

Town of Roseboom *Community Power* ELECTRICITY SUPPLY PROGRAM

The Town of Roseboom is planning to join an upcoming bid to consider electricity supply options.

This community choice aggregation (CCA) program enables municipal leaders to leverage the purchasing power of residents and small businesses to negotiate more favorable terms on their electricity supply, protect consumers and support renewable generation sources.

If the Town selects an electricity supplier, eligible residents and businesses will receive a letter in fall 2023 with info about the program, their choices, and info about how to opt-out.
