Healing Your Family Tree

- Why is Healing Your Family Tree necessary and how can it be possible?
- Why is it important to pray for the deceased members of our family?
- We will pray for breaking any bondage over our family generations.
- Future generations will also experience freedom, healing, & transformation thanks for your participation.

Healing Your Family Tree

Sometimes difficulties in our lives and their negative, devastating effects may be linked and rooted in some way to our ancestral ties. Behaviors such as violence, abuse, addictions, in addition to some chronic health conditions, could possibly be rooted in family history. We often feel helpless when facing these seemingly uncontrollable problems that can and do wreak havoc in the present and are able to carry their destructive influences in the lives of generations to come.

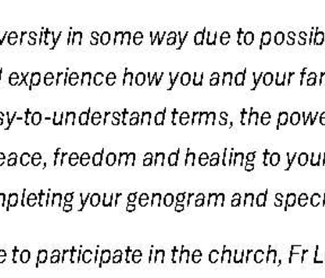

If you think you are facing adversity in some way due to possible negative ancestral actions in your family tree, come and experience how you and your family can be healed and set free. Fr Lou will convey in easy-to-understand terms, the power of the Eucharist and Christ's love that will bring peace, freedom and healing to yourself and dear loved ones. Time is also provided for completing your genogram and specific prayers for your family.

For those of you who are able to participate in the church, Fr Lou will invite you to bring your genogram and come forward for him to place it on the altar.

For those of you attending via the Livestream, Fr Lou will say a prayer of offering your genogram to the Lord.

The Mass for Healing the Family Tree transforms negative bonds of the past, setting us free now as well as our offspring in the future. In effect...

"We Can Break the Ties That Bind." – Fr Lou

God Bless You. Thank You for Joining Us.
