Association History

Auto racing has been in the Peace Country for many years and we would like to share a brief history with you. After the demise of the old Speedway in the 1960's, racing sat dormant in Grande Prairie for years. In 1968 two local racers referred to as the two "True Believers" began to build their dream and revive auto racing in the area. The Grande Prairie Stock Car Association was established in 1978 and incorporated as a Non Profit company with the Alberta Societies Act in 1984, hosting races in Grande Prairie and participating in races throughout Alberta and BC. The Grande Prairie Speedway closed in 1992 and after exploring many options we were very fortunate to locate a prime piece of land in Hythe in 1994 and are very proud to call the Village of Hythe "Home". In keeping with the changes & improvements we also changed our name to the Peace Area Motor Sports Association in 1997.

The process of building a new 3/8 paved race track was exciting to say the least. The Hythe Motor Speedway is one of only 3 paved race tracks in Alberta so we draw many additional spectators and fans from all over Western Canada. With the strong support and assistance of our members, volunteers, sponsors and community support we were able to starting building this truly amazing race facility. The inaugural race event featuring the CASCAR Late Model Super Series, CASCAR Street Stocks & IMCA Modifieds was held in August, 1995 where over 2500 race fans joined in opening the race track. We were very excited to return auto racing to the Peace Country and felt after the huge success of our first event that the long wait was worth it. The facility has and will increasingly become a multi-use facility. The original estimate to build the facility was over \$650,000.00 and thanks to gaming funds, many volunteer hours, donated supplies and equipment we feel we have reached our goal of having a first class facility. Each season additional improvements are made to the facility to ensure that our spectators and members are able to enjoy the facility to the fullest. With the assistance of our sponsors, members and countless volunteer hours it has been our goal to continually try to offer an improved facility and we are very proud of the accomplishments that we have made at our facility since it's opening in 1995.

Fortunately as the years come and go new "True Believers" keep surfacing to keep this highly competitive sport alive in the Peace Country.

In the 2020 Season we celebrated our 25th Anniversary of the Hythe Motor Speedway & would like to take the opportunity to express our heartfelt gratitude to all those involved for making our dreams comes true. Due to the COVID restrictions that were in place for the 2020 Season we decided that we would celebrate this milestone in the 2021 season when we were able to welcome our spectators back to the Speedway.

Thank you to our many sponsors, volunteers, fans, members & competitors for your contributions and support as without you we would not be where we are today. Many of you have been long time supporters of our Association and for that we will be forever grateful. For those who have recently become involved we welcome you on board and look forward to working with you all in the future race seasons.

Peace Area Motor Sports Association – Programs & Activities

If you enjoy auto racing you have to make your way to the Hythe Motor Speedway. We are proud to boast of our highest banked, fastest 3/8 mile paved oval in Western Canada – right here in the heart of the Peace Country. Located only 35 minutes west of Grande Prairie, the Hythe Motor Speedway attracts competitors and spectators from both Alberta and BC on a regular basis and from all over Western Canada for our Special Events.

The Peace Area Motor Sports Association and the Hythe Motor Speedway host 8 – 12 Events per season from June through to September. Our commitment to attract the best racing entertainment, the most solid & supportive sponsors, spectators, volunteers & members, and the highest level of advertising and promotional opportunities to the Peace Country remains at the forefront and we welcome all competitors, spectators and sponsors to our home. One of our main objectives has been to offer a first class facility to support and promote auto racing in the Peace Country and we are very proud of the accomplishments we have made at the Speedway since its opening in 1995. We pride ourselves in having a very family oriented organization as auto racing is very much a family sport for both spectators and fans alike. As our society has become increasingly busier it is great to be able to provide a facility that allows families to spend time together for both the members of our association and our large spectator base.

Currently our regular events consist of the Mini Sprint, Mini Stock, Starter Stock, Street Stock, and the IMCA Modified Series. Throughout the season we host a special event for each of these classes which also includes the "IMCA Super Nationals" for our IMCA Modifieds & Street Stocks which attracts cars from all across Western Canada and is one of our largest Annual events & our Season Finale. Throughout the years we have also hosted Special events which attracted series such as the CASCAR Late Models & Street Stocks, Big Rigs, Sprint Cars, Super Trucks, WESCAR Series & Hit to Pass.

The IMCA Modifieds & the Street Stocks have competed since the opening in 1995 and provide some amazing race action and have always had great fan support. To get the kids more involved we first implemented the Enduro Class in 1998 which evolved into the Starter Stock class in 2001 which was the entry level class at that time which brought in younger people (starting age 16) and allowed them to race cars on a track which we hoped would eliminate the desire to do so on the city streets. We were very excited to see this series return in the 2017 season. In 2005 we then introduced the Mini Stock Class which was for kids (14–18) to develop young drivers and give them a class that was fun and affordable. This proved to be a very successful class and created a lot of interest and excitement for both the contestants and spectators and we had a lot of father/mother & son/daughter teams. This class has now become a joint junior/adult class that compete together (14+). The Mini Sprints were then introduced in 2008 and is for children (5–16) in the box stock Jr & Sr Division & (8–16) in the 80 CC Class. This class quickly became one of the fan favorites and you can't put a price on the smile you see on the kid's faces. In 2014, a new dirt track was built on the outside of our main track for the Mini Sprint class and they run a complete race event before the start of every event on the big track. 2016 saw the addition of the Evolution Cup Cars which is another Junior Class (8–16) that competed as a regular class on the main track for a couple of seasons. We are very proud of our Facility and the accomplishments we have made since it's opening in 1995.

The 2020 season would mark the 25th Anniversary at the Hythe Motor Speedway but due to the COVID restrictions in place last season we will be celebrating this milestone in the 2021 Season. We would like to take the opportunity to express our heartfelt gratitude to all our Sponsors, Volunteers, Spectators & Members who have made it all possible and we look forward to seeing our many supporters in the 2021 Season.

For further information be sure to visit our Website www.hythespeedway.com and our Facebook Page (Peace Area Motor Sports Association)

President's Message:

I would like to welcome everyone to the Hythe Motor Speedway "the fastest 3/8-mile track around" for an action packed 2021 season. The past year & a half has been a challenging time for us all. After a shortened 2020 season with only 200 spectators allowed due to COVID-19 we are very excited to welcome back all our loyal race for the 2021 season. As a non-profit organization, without the support from our valued Sponsors, our amazing team of Volunteers, our loyal Fans and our board members that put in so many hours behind the scenes none of this would be possible & I want to send out a huge thank you to all those involved for your support throughout the years.

The Hythe Motor Speedway held their inaugural event in 1995 and in the 2020 Season we celebrated our 25th Anniversary. We decided to wait until 2021 when we were able to welcome back our fans to celebrate this special milestone & we look forward to sharing some exciting anniversary festivities with you throughout the season.

The 2021 Season will be an exciting year with our regular series – the Mini Sprints, Starter Stocks, Elite Stocks & the IMCA Modifieds. We are also glad to welcome back the Annugas Compression Canadian Super Truck Racing Series for a 2-day event "The Annugas Dual 50's" Aug. 7 & 8. The Starter Stocks will once again host their Starter Stock Showdown Aug. 14 & 15. The IMCA Super Nationals Event has always been one of our biggest events and this year will be even bigger & better as we add the newly formed Street Stock Border Battle to the Sept. 4 & 5 Event. We will close out the season with our "Fan Appreciation Weekend" with some special festivities to celebrate our 25th Anniversary on Sept. 18 & 19.

This will be another amazing race season at HMS & we are so looking forward to sharing it with you all.

BJ Clark
President

2021 PAMSA Executive:

BJ Clark – President, Promoter, & Super Nationals Committee

Ricky Somers – Vice President & Elite Street Stock Committee

SUPER TRUCK

Racing Series

"CAN'T TOUCH THIS!"

The Annugas Compression Canadian Super Truck Series has been around for 25 seasons. These Race Trucks have raced all over Western Canada and the North-West United States during their existence. The Hythe Motor Speedway is extremely proud to once again welcome back this exciting group of drivers, crew, sponsors, and families to the Speedway.

These trucks are built off of actual pick-up truck frames and all competitors run a GM 604 Crate Engine that pumps out 400 HP and 400 ft./lbs. of torque! As a travelling series, drivers must work hard to get their trucks set up correct and to adapt to each new track.

The Hythe Motor Speedway would like to say a special thank you to Annugas Compression Consulting Ltd. and Mark and Tracy Burton for the support of the "Annugas Dual 50's" that will occur this weekend at the Speedway!

THANK YOU!

On behalf of the Peace Area Motor Sports Association and everyone at the Hythe Motor Speedway, we would like to thank you for joining us at the track. We hope you had a great time and that we will see you again soon. Help us spread the word about this amazing facility in the Peace Country by inviting your friends, posting to social media, and attending more events.

Be well and please drive safe!
