Major Project Sponsorship Opportunities

Our facility roared to life in 1995 and has served as a hub for racers and fans throughout Western Canada for almost 30 years. There are some aspects of the facility that need a major face-lift and will incur major capital costs to our non-profit society. We hope that you would consider becoming a partner that helps our association continue to provide a community focused facility for years to come. These projects are unique in their scope and so the partnership that we engage in with companies also will be unique. We will work with partners to customize the return they get from these partnerships. Some possibilities include, naming rights to the track/structures, activation opportunities at the track and your business, advertising (radio, print, social media), VIP events at the track, etc.

Project 1: Major Grandstand Overhaul - \$25000 Sponsorship – Exclusive naming rights to the grandstands for 5 years

- Remove and replace all wooden planks
- Inspect/repair grandstand structure
- Install handrails to improve access to higher rows
- Install sheeting to fully enclose the structures for additional storage and aesthetic purposes.

Project 2: Replace Sound tower, Promotional Booth, and Liquor booth - \$20000 Sponsorship – Exclusive naming rights to the Sound Tower/Media Centre for 5 years

- Remove existing structures, replace with three C-Cans (club already owns)
- Renovate C-cans to act as scoring/media centre, promotional booth, and liquor booth
- Install piles to insure stability of structure
- Re-run power, sound, and fibre optic cables to all structures and regrade ground around structures.

Project 3: Repair/Repave the track and pits at the Speedway – Quoted cost \$1.2 Million \$125,000 Sponsorship – Exclusive naming rights to the Speedway for 5 years

- Repave the entire 3/8-mile oval
- Remove existing base in the pits, pack, layer with geo-cloth, and refill/repave
- Pave the north side of the pits to create a large space for additional types of events like drift shows, autocross, monster trucks, driver training, dealership test-drives.
