

APPRENTICE DISTRIBUTOR PROGRAM

*Immediate startup
as a profit center!*

Our Problem

*Reaching small volume
business customers*

ATMOS360, Inc. is a global manufacturer of air filtration equipment and products. We design and manufacture a product line that includes everything from Overhead Oscillating Fans and Reverse Air Cleaned Filter (RACF) systems to Vacu-Drum and Circle-Vee Filters and HVAC Filter Supply. Our clients include Procter & Gamble, Kimberly-Clark, General Mills, Kellogg, Gillette, Georgia Pacific and The Kroger Company, just to name a few. We need a network of diverse distributors to reach our small volume customers, as well as our corporate ones.

Pick Your Own Territory

If you are an ambitious business owner looking for an opportunity where you are completely in charge of your future revenue potential, then you may be the strategic partner we are looking for.

After acceptance in the Apprentice Distributor Program, you'll select a territory in a region where your business is located. You must meet or exceed the required goals as an Apprentice to become an independent ATMOS360 Authorized Distributor. If you want the distributorship to grow, you can acquire additional territories provided you have demonstrated the ability to meet sales goals and have resources to develop a larger area.

To apply, fill it out the form, save the data and then email it to info@atmos360cleanair.com.

Our Solution

*An Apprentice Distributor
Assistance Program*

We're looking for 50 ambitious business owners with a strong desire to extend their revenue stream. The air filtration industry is growing at a rapid rate. ATMOS360, Inc. offers an **Apprentice Distributor Program** with the assistance to immediately startup as a profit center. You'll begin with a small inventory to keep the initial investment as low as \$10,000. Your company owns the assets to resell as an independent distributor, and we do the rest. ATMOS360 stores your inventory and ships directly to your customers when the items are sold.

How Your Business Can Benefit

Our Apprentice Distributor Program provides:

- Low startup investment (\$10,000) with high revenue potential of \$100,000* for the first year.
- Buy products at 20% discount with 75% deposit.
- Ongoing training to learn air filtration equipment and products manufactured by ATMOS360 for resale.
- Business and market development assistance, plus mentoring with an experienced professional coach.
- Marketing support, sales sheets and promotional materials to tie-in with national clean air campaign.

* Revenue projection is based on owner's performance and assumption of achieving sales goals for the first year. Each company's results will differ, and results will depend on a number of factors, including the owner's efforts to grow the business.

Apprentice Distributor Application

We are pleased that your company is interested in participating in a program to become an Authorized Distributor for ATMOS360, Inc. products and services. Our company is a leader in the air filtration industry. At ATMOS360, we don't just sell our products; we work closely with our independent Apprentice Distributors to ensure their success. This Application Form is designed to provide us with valuable information about your company. The more information you provide the more helpful it will be when we consider your application. We will review your request and let you know when a decision is made. If accepted, you must agree to a background check and sign an Apprentice Distributor Agreement. Fill out the application and submit to ACF Enterprises, LLC at info@atmos360cleanair.com.
