to **BETTER** the MAN.

Board of Advisors Executive Committee Meeting

<https://virginiatech.zoom.us/j/772056541>

Wednesday, September 9, 2020

1. Call to Order – Brother Hughes

2. Roll Call – Brother Henry

- Present: Brother Hughes, Henry, Nolan, Bernheim, Lebo and Gau

3. Reports:

- Alumni Engagement Committee – Brother Nolan reported that the virtual happy was held a few weeks ago. There were 5 members who attended the event. The plan is to look for more ways to contact members. There were a number of people who have attempted to join the Facebook group. There were some people who are requesting to join the group but are not on the BOA. The team is looking at options to reach out to those members and have some form of recruitment and Brother Henry will make a response and send to the Exec team for further review. Brother Henry will reach out to Brother Bernheim and will work on a way to make those first person point of contact for perspective new members.
- Fraternity Support Committee – Brother Gau is working on getting with Brother Jordan Thompson in order to join the BOA and get him involved on the fraternity support team.
- CLVEN Support Committee – Brother Lebo had some contact with Brother Rich Meyers. They have been communicating and will be working on setting task, goals and a schedule. The two will connect in the near future to see what the schedule is moving forward.

4. Old Business:

- None

5. New Business:

- Goals for committees – Brother Hughes discussed how each committee should start to look at personal tangible goals. Setting a deadline and working on those now. Brother Bernheim likes the idea of having 3 SMART goals apiece and to work toward those. This would allow each team to make

manageable decisions. Brother Hughes suggested inviting each of the committee chairs to join the call so that we can look and review their goals. Brother Hughes suggest that we need to have the chairs think outside of the box and what can we reach for, not just small goals that we know we will reach and attain.

- Fraternity Support – Brother Bernheim brought up the idea of a possible online event to invite undergraduate members to discuss possible pathways to careers. We would use the BOA members to ask real questions about various jobs and roles – this could take somewhat of a place of the standard alumni since many schools do not have the chance to reach out to those alumni.

6. Good of the Order

7. Adjournment

Motion: Brother Bernheim

Second: Brother Lebo
