## THE 56<sup>TH</sup> GRAND CHAPTER OF ALPHA SIGMA PHI

This year's Grand Chapter is shaping up to be an extremely memorable event for a number of reasons. First, it's our first summer event since 2019 and our first Grand Chapter since 2018. It's going to be a great opportunity to reconnect with those closest to us within the Mystic Circle. Second, our host city of New Orleans is without a doubt one of the highest sought after tourist destinations in the United States, and our daily attractions will immerse our alumni and guests into historic and beautiful New Orleans. Here are just a few highlights:

### THURSDAY // 07.21.22

All attendees (undergraduates, alumni and guests) will enjoy a private kickoff event at the [House of Blues](#), New Orleans.

### FRIDAY // 07.22.22

All alumni and guests will enjoy a private reception at the [National World War II Museum](#).

### SATURDAY // 07.23.22

All attendees (undergraduates, alumni and guests) will celebrate our fraternity award winners at the 2022 Cardinal & Stone Awards Gala.

## FOUNDATION UPDATE

The Foundation Board has an addition to its Board of Directors. Brock Hillman is a 1997 initiate of the Delta Rho Chapter at Central Michigan University. He has been appointed as a Director on the Foundation Board of Advisors. He's a 2008 recipient of the Delta Beta Xi Award & Key.

## HEALTH & SAFETY UPDATE

We've seen a much more normal academic year thus far in 2021-22. Our members are engaging more frequently with each other in a social setting and on campus with their peers. With that comes some potential added risk. Alpha Sigma Phi received a total of 30 incident reports all of fall 2020 and have already received more than 40 incident reports this fall. Thought the incident reports are up, total college/university conduct cases are down; 16 in fall 2020 and only so far 9 this fall. Three groups have been placed on interim suspension by their respective institution (one COVID-19 policy violation, two alcohol-related). In fall 2020, 10 were placed on interim suspension (all COVID-19 policy violations).

There have been reports of sexual assaults at many Colleges and Universities this fall that have led to campus demonstrations. Fortunately, none of these demonstrations were focused on Alpha Sigma Phi. Here is how Alpha Sigma Phi is responding:

- All Presidents, Vice Presidents of Standards, Chapter Advisors and Standards Advisors have received emails after incidents at the University of Nebraska and the University of Kansas. These emails provide context of the situation as well as steps the Chapter can do to prevent such incidents within their Chapter. Chapters are trained to support survivors in reporting crimes of sexual misconduct to local authorities. All members found responsible will be permanently expelled from the Fraternity.
- All Presidents and Chapter Advisors received a communication on how to navigate a campus protest.
- All Chapters are required to complete annual health and safety training which covers sexual misconduct.
- The Fraternity continues to work collaboratively with our philanthropic partner, RAINN, to identify programming, education and resources for our members on preventing sexual assault, bystander intervention and consent.

## CLVEN UPDATE - CREATING HOUSING OPPORTUNITIES

The 2021-22 academic year is in full swing! Here is a quick update from CLVEN:

- All 44 CLVEN properties had successful move-ins.
- Our chapters are utilizing these facilities for various events, such as recruitment and brotherhood.
- There are over 1,000 brothers currently living in a CLVEN property.
- The leasing process for the [2022-23 academic year](#) has already begun.
- Plans to add the Beta Xi (Hartwick) house to the CLVEN portfolio are in motion.

## FOUNDERS DAY CHALLENGE & THE 176 HOURS OF GIVING

# I MADE AN IMPACT

To make this year's Founders Day Challenge and the 176 Hours of Giving another success, we need your help! Alpha Sigma Phi is still looking for Ambassadors to help spread the word and encourage others to join you in making an impact for our undergraduate members. If you are intersted in learning more, please email Matt Humberger at [mhumberger@alphasig.org](mailto:mhumberger@alphasig.org). To give to this year's Founders Day Challenge, visit [asp giving.org](http://asp giving.org). We hope you'll get involved this year!
