

## ROOM SELECTION RESOURCE

### METHODS OF ROOM SELECTION

The chapter/provisional chapter is encouraged to establish a method for room selection. Three example methods are included below.

#### METHOD 1 - ORDER OF ROA COMPLETION

- This method is based on when the Resident Occupancy Agreements (ROA) are completed. Once the ROA is signed and security deposit is paid, the future resident is able to choose his room.

#### METHOD 2 - RANK ORDER

- With the exception of the President, every room goes in order of seniority within the chapter/provisional chapter.
- An alternative would be that every room goes in order of seniority in terms of semesters lived in the house.

#### METHOD 3 - POINTS SYSTEM

- This method assigns points to items and allows residents to pick based on their number of points.
- Here's some examples of rules:
  - President: 25 points
  - Member of Prudential Board: 20 points
  - Member of Standards Board or Recruitment Captain: 10 points
  - IFC Executive officer: 10 points
  - Lived in the housing facility before: 3 points (per year)
  - Upperclassman: Senior- 10 points; Junior- 5 points
  - Cumulative GPA: Above 3.5- 10 points; Above 3.0- 5 points
  - Each semester as an initiated member: 3 points
  - Attendance: 1 point for every brotherhood event attended this term
  - Completed the ROA within seven days of receiving it: 5 points
