

# NCVA Registration FAQ

## Club Affiliation: **Varsity VBC**

Prior to registering for the 2018-2019 season, please note the following items:

- If registering a junior player, you must be the parent/legal guardian of the minor who will be participating
- If registering a junior player, please put the player's name and date of birth when asked for the Member Information
- Please use member's legal name (Do not use Liz instead of Elizabeth or Bobby instead of Robert)
- All participants must be registered online prior to attending any tryout, practice or sanctioned event
- **All NCVA members: When registering online with NCVA, even though it is not a required field, please be sure to provide a phone number.**
- **Once a registration is accepted, it is non-refundable, non-transferable.**
- **If you choose to register for a tryout membership, the cost of that membership is not applicable towards a full membership.**
- **How do I change from "Undecided" to a club?**
  - A: Select "Login." Once you sign in, click on the "My Information" link on the left. Once on this page, choose a club from the drop-down menu in the right column, then click "Edit Contact Info" at the bottom of the page. You may only choose a club once. If you choose the wrong club, you contact vball@ncva.com in order to get this changed. Please email with the name and date of birth of the member. If this club change occurs after the signing date has passed, NCVA must contact the current club director to ensure that the member has not signed a Letter of Commitment with that club, per the NCVA Tryout Policy.
