frequently asked questions

covered in this guide

We have provided this guide to help future residents and their agents determine if a home is a good fit for our Lease Purchase Program.

We believe quality homes in affordable areas increase the likelihood of success for our residents.

- ▲ what type of homes will we buy?
- ▲ where will we buy homes?
- ▲ what condition does the home need to be in?
- ▲ what renovations can the resident request before move-in?
- ▲ what are the property maintenance expectations after move-in?
 - ▲ property management responsibilities
 - ▲ resident responsibilities

starting the search

We recommend using our [Find a Home](#) tool to identify eligible properties. Homes not meeting basic criteria are automatically filtered.

This guide outlines factors that may prevent us from purchasing a home despite being listed on the website.

We ask that agents and households review this list prior to viewing homes. This saves time for all involved!

Due to COVID-19 restrictions, we are temporarily allowing virtual property tours if a home is currently occupied. Prospective households are required to examine the exterior and walk around the premises in person.

If the home is vacant, prospective households must physically walk through the home. Virtual showings do not meet this requirement.

A tour of the home, even on a limited basis, offers prospective households a valuable view of the home and its neighborhood.

Criteria is subject to change.

Homes listed on our website may be ineligible for our Program. We reserve the right to reject any property submittal for reasons other than those listed in this guide.

key criteria

We look for quality homes
that are move-in ready.

- ▲ single family homes and fee-simple townhomes
- ▲ traditional sale or FSBO homes
- ▲ homes located within one of our approved communities
- ▲ homes listed between \$100,000 and a metro's maximum purchase price
- ▲ homes with two or more above grade bedrooms on a lot of two acres or less

requirements

new construction homes

- ▲ Home must be 100% complete prior to submittal.
 - ▲ Must have central AC regardless of location.
 - ▲ New subdivision or new phase of a subdivision must be at least 50% complete.
-

standard state contracts

- ▲ Sellers must be willing to use the standard state contract and not require addenda aside from a builder warranty.
 - ▲ We use the Pulte Homes contract in certain markets. Please inquire for more information.
 - ▲ Relocation deals are considered on a case-by-case basis due to their protracted closing process and the required contract addenda.
-
- ▲ In-ground pools are acceptable in Arizona, Florida, Georgia, California,¹ and Texas with an additional monthly [maintenance fee](#).
 - ▲ Homes built in Maryland before 1978 must have a Lead Free Certificate with boxes 1 and 1A checked and a passed inspection.
 - ▲ Homes with synthetic stucco facades are considered on a case-by-case basis.
 - ▲ Homes with outdated plumbing and wiring are considered on a case-by-case basis. This includes, but not limited to, polybutylene/galvanized plumbing and aluminum/cloth wiring. In some cases, we may ask that the seller replaces such prior to closing.
-

¹Los Angeles and San Diego only.

what
we buy

policies

rental ordinances

Homes located in counties or municipalities requiring a rental inspection may have delayed move-in dates of at least 30 days after closing.

- ▲ We require that agents check with local county and municipality to confirm rental license requirements.

flood risk policy

We aim to buy homes that possess a low flood risk. Homes falling within a 100-year flood zone will not be considered. Properties in Florida are exempt.

Flood risk guidelines are clarified as follows:

- ▲ If the house is located in a high risk flood zone, request a copy of the Seller's Elevation Certificate.
- ▲ If the house is located in a low to moderate risk flood zone, it has an acceptable flood risk profile for us to consider.
- ▲ Identify the Elevation Variance between the first floor of the house and the Base Flood Elevation.
 - ▲ To determine this, subtract the measurement of the Base Flood Elevation from the Top of Bottom Floor. If the Elevation Variance is less than -1.50, then we will not consider the home.

The exception to the 100-year flood zone requirement only applies in Florida.

property type

homes are **not** considered if they:

- ▲ are condominiums or under condominium ownership.
- ▲ are located within close proximity to structures that could impair value including industrial buildings, high traffic roads, railroad tracks, or airport runways.
- ▲ have dirt driveways.
- ▲ are short sales, foreclosures, probate properties, bank-owned properties, property sold at auction, or by a government agency.
- ▲ are commercial, modular, log cabins, mixed-use or manufactured housing properties.
- ▲ have, in most cases, a converted garage or a guest house/in-law suite in a separate building.²
- ▲ have solar panels that are leased/not fully owned that cannot be removed prior to closing.

Situations may be considered on a case-by-case basis dependent on our discretion and the regulations of specific areas.

²Above a detached garage or in a pool house with separate access.

what we will not buy

property condition

homes are **not** considered if they:

- ▲ are over 100 years old.
- ▲ have more than 6 bedrooms (more than 5 in Florida, Illinois, and Texas).
- ▲ are on more than 2 acres of land.
- ▲ are incomplete rehab projects or have structures on the premises in disrepair.
- ▲ have any environmental hazards.³
- ▲ have seepage or subject to flooding.
- ▲ have a history of sinkholes or near sinkholes, even if the sinkhole has a repair certification.
- ▲ have liens or unpermitted rehab work.
- ▲ have open permits that cannot be closed prior to closing.
- ▲ lack central air conditioning (exceptions may apply in Colorado, Oregon, and Washington).
- ▲ are furnished or not empty of the seller's personal belongings prior to closing. We do not negotiate for personal property aside from standard appliances.
- ▲ have above ground or indoor pools. If the pool has a vinyl liner, we need proof the liner has been replaced within the last 2 years.
- ▲ have tax rates, including special service area/community development district/Melo-Roos greater than 4% of property value.

³Mold, peeling or flaking lead-based paint, vermiculite insulation, asbestos, etc.

HOA conditions

HOAs must permit leasing without requiring credit or background checks, and interviews. This allows us to rent the home to any household that qualifies for our Program.

We provide HOAs with basic household information, such as name, phone number, email, vehicle information, and pet information.

we will not purchase homes with any of the following HOA conditions:

- ▲ Third-party beneficiary rights including the right to evict the tenant without notice.
 - ▲ Communities with age restrictions or required fees such as social, tennis, golf, or country club membership dues.
 - ▲ Minimum period of owner occupancy or maximum rental period.
 - ▲ Board approval of the lease post-closing.
 - ▲ Rental caps (exceptions may be considered on a case-by-case basis).
-

The total annual dues must not exceed 1% of list price.

Transfer fees and capital contributions must be reasonable and are considered on a case-by-case basis.

**homeowner
associations**

HOA documents

The following HOA documents will be reviewed as part of our due diligence:

- ▲ Budget
 - ▲ Certificate of Insurance
 - ▲ Covenants, Conditions, & Restrictions (CC&Rs)
 - ▲ Rules & Regulations (if applicable)
 - ▲ Bylaws
 - ▲ Home Partners' HOA Questionnaire
-

We must receive the HOA Questionnaire within the time period required by the purchase contract, typically within 8 days of contract execution.

The earlier that we receive these documents, the better. The documents inform us of any potential issues that may prohibit us from leasing the property.

If an HOA does not have all of these documents, there is a very high chance of the transaction being terminated.

Any fines assessed by the HOA that are a household responsibility are charged back to the residents during occupancy.

the purchase process

timeline to closing

The average time from property submission to closing is typically 3 - 4 weeks.

property underwriting

the agent

submits the Renovation Checklist to the resident. Upon completion, the submission will be reviewed. Agents are notified within 4-6 business hours of our decision.

the resident

completes the Renovation Checklist for their agent to submit for final review. (Properties are reviewed once all documents are received)

offer submission

the agent

submits our cash offer to the listing agent. When the seller accepts, the home goes under contract.

the resident

reviews our anticipated terms before we submit an offer. We must receive the security deposit and signed lease within 2 business days of going under contract.

home inspection

the agent

facilitates the inspection and will make sure all utilities are on.

the resident

should anticipate a 10 - 15 day inspection period that the agent will handle with us.

closing day

the agent

completes the final walk-through, submits photos, and lets us know where the keys are located.

the resident

moves into the home, on average, 2 weeks after closing.

move-in day!

Pathlight Property Management

becomes the main point of contact and facilitates the move-in process.

the resident

receives move-in information from Pathlight and a lockbox code on the morning of move-in day.

renovation policy

The Renovation Checklist is sent to the household during the submission process. The household may request paint, carpet, or appliances.

Any renovations beyond the included items listed on page 18 must be requested by the household through the Renovation Checklist and **approved by us before an offer is made to the seller.**

We reserve the right to deny any renovation request and do not replace appliances that are in working condition. Renovation costs will be added to the Right to Purchase price.

paint

Paint is applied in neutral beige or grey colors, but we will only accommodate one selection. Households can request for the entire interior or specify certain rooms but we will not apply new paint if existing paint is in good condition.

carpet

Carpet is only installed in a neutral color. Households can request for the entire interior or specify certain rooms but we will not replace carpet that is in good condition.

washer/dryer (w/d)

We do not provide w/d units or any maintenance. Households may bring their own or request that the sellers leave the w/d. If the sellers agree, the w/d is property owned by us and must stay in the home if the household moves out.

kitchen oven/range (o/r)

If a home does not have an o/r or it is not in working condition, households can request that we install an o/r matching the finish of existing appliances at an approximate cost of \$700 added to the Right to Purchase Price.

refrigerator

Households can bring their own refrigerator. If they are not planning to bring one, they can choose one of the following options:

1. Request that the seller leaves the refrigerator currently in the home.
 2. If the seller takes the refrigerator, or if the home does not have a refrigerator, they can request that we provide one.⁴
-

hot tubs/playsets

Households can request that either be removed. They can request that the seller leave them, but if they decline, we will not replace either. If either remain on the property, repairs and maintenance are the household's responsibility.

If the household currently resides in the home that is submitted for consideration, we will not perform any renovations, cleaning, or landscape maintenance.

Approved renovations are identified in the Lease as "Landlord Work."

⁴The replacement will match the finish of existing appliances with standard features such as side-by-side, ice maker, and water filter at an approximate cost of \$1,800 added to the Right to Purchase Price.

move-in expectations

After closing, our exclusive property management company, Pathlight, becomes the main point of contact for households.

During the inspection, Pathlight identifies if a home does not meet current safety standards. They complete necessary repairs prior to the move-in date to ensure a safe and functional home.

Pathlight ensures safe conditions

- ▲ Roof and foundation
- ▲ Handrails and posts (installations for additional safety if applicable)

Pathlight ensures the following function properly

- ▲ Windows and exterior door locks
- ▲ The garage door and garage door opener (if applicable)
- ▲ Breaker panels
- ▲ Lightbulbs in all fixtures
- ▲ Kitchen appliances
- ▲ Well/septic systems (if applicable)
- ▲ Sinks and toilets
- ▲ Sump pump
- ▲ Furnace, AC, and hot water heater
- ▲ Smoke detectors, CO detectors, and fire extinguishers (installed as required by code)
- ▲ Fireplace and flue (if applicable)

Pathlight performs a basic cleaning of plumbing fixtures, appliances, and other surfaces. Windows, exterior areas, and non-habitable spaces are not included.

health & safety standards

move-in expectations

Keep in mind, these items are not included in our scope.

We will not⁵ install, repair or replace:

- ▲ Paint (indoor/outdoor, including trim and ceilings) or carpeting, unless agreed to prior to the offer or if either are defective.
 - ▲ Appliances, specialty appliances,⁶ or new hook-ups for appliances including washers/dryers.
 - ▲ Window blinds or treatments whether now existing or hereafter installed.
 - ▲ Hot tubs, pool accessories, or heaters.⁷
 - ▲ Water softeners and filtration systems (exceptions may apply to homes on wells).
 - ▲ Irrigation systems, fountains, koi ponds, fish stock or the equipment related thereto.
-

fence policy

Households are responsible for the cost, coordination, repair, and maintenance of fences. This applies if it is on the property before move-in or installed by the household.

To install a fence, households must provide a proposal from a reputable company showing material and labor costs, expected location, and fencing type.

If the proposal is approved, the household must obtain and submit proof of permits and HOA approval (if needed) to us.

⁵Unless required by applicable law or specifically agreed to in writing as "Landlord Work" under the Lease.

⁶Wine refrigerator, "kegerator", central vacuum systems, intercoms, built-in music/video systems, outdoor grill, or ice makers.

⁷We will repair the pump/filter if needed. Hot tubs, only if attached to a pool, are covered in pool maintenance.

after move-in

Pathlight works with households to handle rent and utility payments, maintenance requests, and everything in between.

indoor maintenance

- ▲ Major electrical systems
- ▲ Heating, cooling, and hot water systems
- ▲ Refrigerators, stoves/ovens, and dishwashers
- ▲ Persistent water intrusion

outdoor maintenance

- ▲ Roof and exterior wall maintenance
- ▲ Foundation and structural repair
- ▲ Plumbing and septic systems
- ▲ Defective locks/latches
- ▲ Weekly swimming pool chemical balancing and basic cleaning

To provide residents with a fast solution, Pathlight works with SMS Assist to locate trustworthy contractors. They call residents to schedule a time that works best for them.

property management responsibilities

resident responsibilities

Residents are responsible for any minor repairs that the home may require during the lease term.

indoor

- ▲ Replace light bulbs
- ▲ Change thermostat and smoke detector batteries, and testing of smoke/CO detectors
- ▲ Unclog toilets, sinks, and other drains
- ▲ Minor repairs to doors and walls
- ▲ Maintain and replace blinds
- ▲ Change HVAC filter(s) delivered from Second Nature
- ▲ Change water filters, softeners, and ice makers
- ▲ Monitor interior humidity and condensation levels

outdoor

- ▲ Pest control
- ▲ Landscaping and irrigation
- ▲ Maintain and repair fences
- ▲ Unit cleaning
- ▲ Window screens
- ▲ Disposal of garbage and recycling
- ▲ Daily upkeep of swimming pools⁸

pets

Please clean the exterior and interior of the home accordingly. Don't forget to walk your pet on a leash and clean up waste.

HOA

Any fines assessed by the HOA that are a household responsibility are charged back to the residents during occupancy.

⁸ Including controlling water levels and winterization. [Monthly pool service fees](#) are not included in the pre-determined monthly rent or Right to Purchase prices listed on our website.

approved communities

Please note that some communities may include HOAs that might restrict us from purchasing in that area.
