	2017 Pe	nn-Jersey District Report Comments		
Variety	Class	Comments		
At Last	F	Apricot blooms are pretty with nice fragrance, but they only last a couple days and is slow to repeat; plant is not vigorous with thin canes. In a no-spray garden it blackspots severely and completely defoliates during high heat and humidity.		
Black Forest Rose	F	Pretty purple rose with moderate fragrance; some blackspot resistance.		
Brilliant Flower Circus (Brilliant Veranda)	F	Great color combo of orange and yellow		
Fire Opal	F	Large single blooms start out cream and age to a coral pink with gorgeous yellow stamens. Glossy foliage on a bushy, compact rose.		
Fired Up	F	Pretty color combo of orange and yellow stripes		
Novalis (Poseidon)	F	Large lavender rosette blooms on a very vigorous, extremely disease resistant rose.		
Polynesian Punch	F	I really like the non-stop blooms; the dark green foliage adds to the bloom color which is mesmerizing.		
Summer Romance	F	Strong fragrance and healthy grower with nice sprays		
Violet's Pride	F	Nice form and color with fragrance		
Anna's Promise	Gr	Rich color of the blooms, which are good for arrangements; hardiness is suspect.		
Honey Nectar	Gr	This is a very hardy rose, but very thorny; the blooms don't hold for long, but nice color.		
Madame Anisette	Gr	Large apricot, cream, globular blooms with strong anise, spicy fragrance on a vigorous rose; never any has any disease in my no-spray garden, even during 90+ degree heat and humidity.		
Miss Congeniality	Gr	Beautiful color		
South Africa	Gr	The large blooms are the most luscious golden, amber color!		
Alice Hart	НТ	Vigorous, very healthy, dark shiny leaves, almost everblooming, fragrant, but congested habit, blossom is flat and round, plant is not graceful.		
Apricots n Cream	нт	In bloom all summer with beautiful form, unique off-white color; thrives despite some blackspot, but does not defoliate.		
Beloved	HT	nice garden rose with glossy foliage		
Eureka (Gold Struck)	HT	Has potential for exhibiting or arranging.		
Garden Director Bartje Miller (Dark Night)	нт	Interesting color combo, but the petals can burn in the full sun, not very winter hardy		
Good as Gold	HT	Pretty color, but not floriferous.		
Gräfin Diana (Dark Desire)	нт	This rose is flawlessly clean grown in a no-spray garden with 90+ degree heat and high humidity conditions from June through September; no blackspot or mildew ever! Dark violet buds open to violet-red fragrant blooms.		
Lowri	HT	seems to be disease resistant for me		
Neil Diamond	НТ	Intense fragrance, pretty striped color, but will blackspot and not very winter hardy beautiful spring blooms, sulked through the summer.		
Pilgrim Maid	НТ	Gorgeous rose. No fragrance; it did not survive a relatively mild winter in NJ.		
Pretty Lady Rose	HT	Vibrant color, moderate fragrance. Some hardiness. Garden rose.		
Savannah	НТ	Very healthy variety, great fragrance, color and OGR form with dark healthy foliage and long stems		
Sunny Sundays	HT	Excited about its exhibition form and outstanding color.		
Winter Sun	HT	healthy vigorous HT		
Zach Nobles	HT	Nice exhibition form; great color, tall plant		

Variety	Class	Comments		
Cloud 10	LCI	Pure white full blooms, it is a great repeat bloomer, and a fast grower; constantly in		
	LCI	bloom. No problem with blackspot on this rose.		
Honeymoon	LCI	A vigorous, easy to manage shorter climber from 6.5 to 8 feet tall. Canes are easy to		
There will be a second s	LCI	train; not stiff.		
Margaret Mae (Pretty in Pink Eden)	LCI	Pretty leaves with a red tinge. Large cupped flowers. Good bloomer.		
Tropical Lightning	LCI	It doesn't climb.		
Brenna Bosch	Min	nice color, exhibition bloom		
Daddy Frank	Min	Deep red color. Good exhibition form; not very floriferous.		
Ellie Marie	Min	good new rose with exhibition bloom		
Tattooed Daughter	Min	Small and few blooms.		
The Lighthouse	Min	Striking deep yellow color; good exhibition form; blooms on very short stems.		
Wanderlust	Min	Slow starter if planted in the garden - start it in a pot		
Bold Ruler	MinFl	Lots of petals, which make it somewhat hard to use as an exhibition rose, but it is a hardy garden rose, intense red color, some form, not a lot of blackspot.		
Crystal Palace	MinFl	Vigorous grower with large blooms, it has a nice green-white color with a tight center; fairly blackspot resistant.		
Cutie Pie	MinFl	Nice compact habit, this rose seems to do well in a limited space. Peachy-rose tor blooms, nice color, but can fade quickly.		
Fred's Show Time	MinFl	great form and color		
Julie Hearne		Beautiful exhibition bloom		
Megan Dawn		Nice color and good form. Still waiting on this one, got as a maiden.		
Michael		Love the red and white reverse color and very good form		
Wichdel	MinFl	Great form for the head table; bloom very, very large in the Spring; keeps		
Miss Mable		substance, holds form well.		
Petite Princess	MinFl	This rose has not taken off for me.		
Sandusky		nice garden rose, best as open bloom when shown		
Showtime		Vibrant red color.		
Swing Time		Nice form, vigorous producer.		
Tammy Clemons	MinFl	Great exhibition form, good vigor, very floriferous; good rose midge resistance; ver winter hardy.		
Tom Mayhew	MinFl	Great fragrance on a Disease free plant with a beautiful Single bloom and very nice color		
Archbishop Desmond Tutu (Desmond Tutu)	S	Pretty light pink color but does not open well, edges brown		
Boscobel	S	Gorgeous color, generally hardy, light fragrance.		
Eyes on Me (Raspberry Kiss)	S	Gorgeous color on light pink flower with a dark pink center. Shiny foliage. No fragrance, but a great garden rose.		
Heathcliff	S	Great color. Nice fragrance, but this has not gotten particularly tall for me.		
Look-A-Likes Apple Dapple	S	No disease. Good bloom.		
Look-A-Likes BougainFeelYa	S	Glossy green foliage, bright red flowers that stay on the bush awhile; stamens don't stay fresh for long, so you can't bring it to the shows, but it is an awesome garden rose. No blackspot. No fragrance.		
Olivia Rose Austin	S	Lovely light pink rose with very little blackspot, gorgeous Austin rose, with a moderate fragrance.		
Ruby Meidiland	S	Ruby-red blooms continuously produced late spring into summer; great disease resistance over the years. Great repeat bloomer - great rose		
Tahitian Treasure	S	not very vigorous for me		

Variety	Class	Comments
Take It Easy	S	Beautiful red with light reverse color, very healthy, floriferous with nice sprays
The Peachy Keen Rose (Peachy Keen Rose)	S	Shiny dark leaves. Beautiful color bloom.
Summer Romance	F	Very strong plant so far
