Black Forest Rose	3	F	3	2	8.0	7.9	yes	medium	none	none	none	none	Love the color and the compactness of the sprays. Slight fruity fragrance. Workhorse in the garden. Nice clean leaf color. Wish the bush was taller. Great bright red color and very glossy foliage and very healthy grower.

Eyeconic Melon Lemonade	1	F	1	3	7.0	6.0	yes	short	some	none	none	none	Interesting novelty, but that's about all. Why is it classed as a floribunda? It's more like a shrub.
Eyeconic Pink Lemonade	1	F	1	2	6.0	6.0	som		severe	none	none	none	Weak plant. Blackspot loves it
Fired Up	1	F	1	2	7.7		yes	medium	some	none	none	none	
Heroes Rose	1	F	1	2	7.5		yes	medium	some	none	none	none	
Ketchup & Mustard	5	F	5	3	6.8	7.0	yes	medium	moderate	none	none	none	Beautiful bright red color with contrasting yellow reverse and nice form; I love the striking colors. I dislike the fact that it has weak stems and it doesn't hold up the bloom upright. Not a lot of bloom. Has blackspot issues.
Love Song	3	F	3	2	7.7	8.6	yes	medium	none	none	none	light	Very healthy grower and nice color and ; love the color and form.
Oh My!	2	F	2	1	7.9	7.5	yes	tall	none	none	none	none	
Out of Rosenheim	1	F	1	2	8.0	7.8	yes	medium	none	none	none	none	Interesting color and form, good grower
Sparkle & Shine	2	F	3	2	7.7	7.4	yes	medium	some	none	none	none	
Walking on Sunshine	8	F	11	3	8.1	6.9	yes	medium	some	none	none	light	I like everything about this variety, especially its winter hardiness. Permit me to tell you the reason for this unusual rating. I grow all roses in pots. 2 yrs. ago, the year of the great vortexes I lost all but three of my roses. I really like the bright yellow color and the lighter yellow reverse. My rose has a licorice fragrance which is very pronounced in hot weather. It is a very vigorous rose, very floriferous and the blooms hold up well in heavy rain.
Coretta Scott King	4	Gr	5	2	7.9	6.7	yes	tall	some	none	none	none	Love the color, but the plant is somewhat stingy and the blossoms are very small. I love its striking color. This rose has fantastic vigor and is very floriferous. The petal count is low and exhibition form is fleeting. I don't like its cup shaped blooms.
Sunshine Daydream	2	Gr	2	3	8.3	7.8	yes	tall	none	none	none	none	Very healthy garden rose that blooms well
Cinnamon Dolce	1	HT	1	2	7.0		yes	medium	none	none	none	none	Not vigorous grower. Blooms are an unattractive red/orange/brick color.
Dona Martin	2	HT	3	2	7.4	7.7	yes	medium	none	none	none	none	Great form, good grower, interesting color.

Francis Meilland	6	HT	8	2	6.9	7.3	som	medium	some	none	none	light	Like the color and bloom size. One of the most disease resistance roses that I grow. Beautiful dark green foliage is a plus. Beautiful rose, good form. I did not winter protect and lost it. 2 harsh winters - its dead.

Hypnotized	1	HT	3	3	7.0		no	medium	some	none	none	moderate	Big, beautiful striped blooms I just can't stop staring at. Heady classic rose scent. Did not survive the hard winters of '13 and '14 but I will keep replacing it.
Lowri	1	HT	1	2	7.0	7.0	dk	short	none	none	none	none	
Mercury Rising	2	HT	2	2	7.7	6.5	yes	tall	none	none	none	none	(Has) Balled centers
Neil Diamond	5	HT	7	1	7.8	7.4	dk	tall	some	none	none	moderate	I liked the bush, it was very vigorous and grew very tall. Most of its blossoms were smaller than desired, but some were beautiful and large. I'm hoping for better production the second year. I like the color of its parent 'Rock & Roll' better. Prolific, repeat bloomer. Does not hold pinpoint exhibition form very long but it's lovely if you hit it right. Strong fragrance, lots of petals, doesn't have a lot of substance.
