Cultivar	Comments
Adobe Sunrise	Plant weak, died
Caribbean Breeze	
Eyeconic Lemonade	
Eyeconic Melon Lemonade	Interesting bloom, but only a small bush. Is it really a shrub rather than a floribunda?
Eyeceme Molem Eemenade	It is not as vigorous as it's parent, Julia Child. The canes are not as sturdy in my
Hey Good Looking	garden
,	6: Good growth in beautiful cluster of blooms.
	9: Nice color and bloom size for designs.
	11: Beautiful bright red and pale yellow reverse color. Nice form. but opens
	quickly.
	12: weak plant, lots of blackspot
	17: Love the continual blooming of this rose. This rose blooms its head off. Color
	with reverse foliage when
	on bush is very eye catching. Unique!
	22: Like the color; deer love it. Not as vigorous as I would like
	23: Great color contrast of bloom with red and yellow. Bush is small.
	25: I like the striking color. I dislike that fact that it has droopy stems that don't
Ketchup & Mustard	hold up the bloom.
Koko Loko	Interesting color and nice form
Let's Celebrate	Beautiful color and very nice exhibition sprays
Look-A-Likes Hydrangealicious	
Love Song	Love color and form. Not many flowers
Out of Rosenheim	Very interesting reddish color and flat old fashion form. Nice sprays and singles
	this did have rose rosette which I cut that stem to the ground> It has been 2 years
Planten un Blomen (Mandarin Ice)	since and the plant is doing fine
Shazam!	
Sparkle & Shine	
Summer Sun	fast grower- beautiful blooms with dark thick shiny leaves
Walking on Sunshine	Nice bright colored blooms on healthy bush.
	2: Pretty color similar to Gemini
	7: I love the color. The blooms are rather small, but it blooms profusely.
	25: I like that it is a floriferous rose and has great vigor. I dislike the fact that the
0 0	petal count is low and hence it is not an exhibition rose.
Coretta Scott King	
	1: color all the time, healthy grower
	2: Healthy tall bush that produces nice sprays with gorgeous color and good form.
	Color almost glows at times.
	3: Lots of bloom, even in summer heat. Shows well for a grandiflora. Attractive
	open blooms.
	19: Thus far, Dick Clark does not seem happy in my garden. Despite all I've
	heard about the ease of growing this rose, the plant has not grown more than one
	inch since it arrived and has only given one very small bloom. Planted in a
	container two months ago
	20: great arranger roses. Many blooms on single stems
5: 1. 6: 1	22: Very tall, great color, good form
Dick Clark	

Cultivar	Comments
Cultival	Nice yellow color but the canes are a bit weak. In our garden not as good a
Happy Go Lucky	performer as it's parent Julia Child.
Sunshine Daydream	Healthy rose that blooms well with pretty light yellow flowers
Twilight Zone	Troubly 1999 that blooms wan war proxy light your normal
Always and Forever	Fast grower, guick repeat blooms
Crescendo	1 ast grower, quiek repeat biooms
Dina Gee	Nice long stems. Good color and form
Dona Martin	Great form and interesting color
Dona Warun	4: It lives up to hype of disease resistance
	7: I can't really say, since this is a newly planted cultivar; which came to me as a
	very small plant.
	12: beautiful blooms, very upright
	21: beautiful delicate pink large long lasting blooms rare blackspot
	22: Subtle color; 1st year, needs another year to establish
	25: Plant has great vigor but is not very floriferous.
Francis Meilland	20. I lant has great vigor but is not very nomerous.
Trancis ivielliand	I love this rose for the lushly striped, huge blooms and the scent. I grew it in 2013,
	but my original plant died over the severe winter. I replaced it this year and fell for
	Hypnotized! all over again. Mine is container-grown and is just a hair over 4 feet
Hypnotized	tall
riypriotized	Some dieback and mildew are negatives. The blooms fade out to a silvery
	lavender. I like the large blooms. I like the "Moody Blues" (rock band), so I had to
Moody Blue	get this rose.
Woody Blue	2: Great fragrance!
Sugar Moon	12: Lots of blooms but they are small
Sunny Sky	Very healthy rose with nice form and color.
Sullily Sky	very fleating fose with flice form and color.
	5: A great garden color variety, and a habit of old garden rose; very healthy grower
	21: gorgeous healthy fast grower no blackspot in my no spray garden
Wedding Bells	21. gorgood hodility last grown no blackspot in my no opidy garden
Winter Sun	Very healthy rose with pretty light yellow blooms.
Stormy Weather	rose didn't make it through the winter
Abby Leonard	1000 didirit make it amough the winter
All a Twitter	
7 ii d 1 witter	2: Great form and gorgeous color!
	16: Nice color
	26: Beautiful blooms
Baldo Villegas	
Becka Anne	
	2: Very tall bloom with very good form on a healthy bush and love the person it is
	named for, Mary Myers.
	5: (Like the) color and form
	13: (Like the) form
	20: didn't survive the winter
	21: new to my yard, arrived healthy; gave it an 8 because stated as disease
	resistant and true to that it has
	light green foliage with no blackspot in my no-spray garden,
Contrary Mary	5 - 5
Commany Mary	2: Beautiful dark red color and great form.
	20: nice for arranging
Cooper	
Diamond Eyes	Beautiful color and strong fragrance.
ao.ia - joo	

2: Wonderful fragrance and very good form. 20: didn't survive the winter 25: I like that it is a floriferous rose. It does not refrigerate well with rapid loss of substance and color under refrigeration and hence not a great exhibition rose. It is not a good exhibition rose. Though we have 3 plants, it has never made it to a Rose Show Hello Gorgeous! Nice color but very few exhibition blooms so far in the 1 year we have grown it. Intimidator Joy Kathleen Pretty yellow blend sport of Hot Tamale with the same great characteristics. Little Jimmie Dickens Pretty single bloom that will show well. Great form and pretty color Not First Choice Great rose, great vigor, very beautiful and floriferous, lots of exhibition blooms. Paula Smart Beautiful color but opens very quickly and blackspots easily Pink Flamenco T: This mini produces blossoms that are exhibition perfect every time. I think it is one of Benardella's best. I think it can only get better. 18: All the roses I've seen are exhibition form Robin's Rose 2: Large pretty blooms with very good form that also makes a gorgeous open bloom. 21: First year with this one. Had some blackspot , I removed the affected leaves and it's been fine. 24: Cluster flowered rose. Nice color. 25: It is a beautiful rose but should have been classified as a floribunda as the bloom size is too large for a miniflora. Sandy's Pick 2: Great form and nice color combo. 24: Great exhibition rose. 25: Stunning garden and exhibition rose! Shawn Sease Smoke Rings Beautiful dark smoky colored edges to the blooms. 17: I love the color and resistance to disease in my area. This rose blooms better and color is more vibrant in its second year. I have mine in containers and may have to plant it in the ground soon.	Cultivar	Comments

Paula Smart Beautiful color but opens very quickly and blackspots easily Pink Flamenco Bright, attention-getter. Good form. 7: This mini produces blossoms that are exhibition perfect every time. I think it is one of Benardella's best. I think it can only get better. 18: All the roses I've seen are exhibition form Robin's Rose 2: Large pretty blooms with very good form that also makes a gorgeous open bloom. 21: First year with this one. Had some blackspot , I removed the affected leaves and it's been fine. 24: Cluster flowered rose. Nice color. 25: It is a beautiful rose but should have been classified as a floribunda as the bloom size is too large for a miniflora. Sandy's Pick 2: Great form and nice color combo. 24: Great exhibition rose. 25: Stunning garden and exhibition rose! Shawn Sease Smoke Rings Beautiful dark smoky colored edges to the blooms. 17: I love the color and resistance to disease in my area. This rose blooms better and color is more vibrant in its second year. I have mine in containers and may have to plant it in the ground soon.		
Not First Choice Great rose, great vigor, very beautiful and floriferous, lots of exhibition blooms. Beautiful color but opens very quickly and blackspots easily Bright, attention-getter. Good form. 7: This mini produces blossoms that are exhibition perfect every time. I think it is one of Benardella's best. I think it can only get better. 18: All the roses I've seen are exhibition form Robin's Rose 2: Large pretty blooms with very good form that also makes a gorgeous open bloom. 21: First year with this one. Cultivar	Comments
	12: Blooms small for the class, don't open properly
	17: I totally dislike this rose as it hardly blooms. I'm not thrilled with its
	performance after several days of rain, as it promotes "balling up" of blooms, and they fall off. Get the shovel!
Blanc de Vibert	
	Good repeat bloomer. I really love the double bloom and its old rose fragrance. Very nice and hardy shrub rose!
