Colorific	5	7	7.8	8.3	3	2	3	4	4	1	F	Great sunset color. Looks great in both exhibition form and open bloom. Tends to close up in the refrigerator. Very floriferous. It's color is truly terrific and it is a prolific bloomer.
Drop Dead Red	5	5	7.9	7.6	3	2	3	4	4	1	F	is a prolific bloomer with a bright, vibrant color.
Easy Does It	5	6	8.0	7.8	3	2	3	4	4	1	F	A hardy and healthy easy care rose with nicely colored blooms. A good garden rose.
Eyeconic Lemonade	1	2	7.6		2	1	3	4	4	1	F	
Ketchup & Mustard	6	7	7.4	7.4	3	2	3	4	4	1	F	Unusual bright red color with yellow reverse and good form that blows open quickly.
Koko Loko	3	5	7.5	7.4	3	2	3	4	4	1	F	Nice form and interesting apricot, tan, peach, mauve combo color.
Monkey Business	1	1	7.0	6.6	3	3	1	4	4	1	F	This plant definitely does not like NOT being sprayed. It suffered blackspot to the point of quite a bit of defoliation and thus bloom was sparse.
Walking on Sunshine	4	5	8.4	7.4	3	3	3	4	4	2	F	The fragrance is intense. Very floriferous and hardly takes a break. Lots of sprays. Great color. Grows like a monster and takes over the entire bed. Hard to show as it closes up in the refrigerator and does not open. Not a good exhibition rose.
White Licorice	2	4	8.4	8.4	3	2	4	4	4	2	F	Pretty color and nice fragrance
Dick Clark	6	11	8.1	7.9	3	3	3	4	4	1	Gr	It truly deserves its AARS rating. It is fairly resistant to blackspot in spite of not spraying. It does not defoliate and is loaded with bloom. Good for arrangers, provides lots of blooms.
Pink Flamingo	3	3	8.0	7.5	3	3	3	4	4	1	Gr	Great foliage considering I do not spray. Vibrant blooms.
Sunshine Daydream	2	2	8.1	7.6	3	2	4	4	4	1	Gr	It has done well without spraying (only minimal blackspot). Frequency of bloom is satisfactory.

Twilight Zone	1	1	7.8			2	3	4	4	1	Gr	
Always and Forever	2	4	6.5	5.0			4	4	4	1	HT	long stems, light fragrance , mild blackspot for no spray

Cinnamon Dolce	1	1	7.0	7.0			4	4	4	1	HT	Unusual color, sort of brick red with hint of coral, but not a really attractive color. So far, nothing amazing about the rose. The blooms have been small and do not have great exhibition form.
Crescendo	1	1	7.8	8.0	3	2	3	4	4	2	HT	This is one of my favorite roses. The color captivates me.
Dina Gee	2	3	5.5	7.5	3	3	3	4	4	1	HT	
Domina	1	1	7.0	6.5	2	2	2	4	4	1	HT	Very small blooms. Palatine said "large blooms" but havent seen any with HT size.

My Lady Barbara	1	1	7.5	8.0			4	4	4	1	HT	Beautiful Kristin-like coloring on a hybrid tea with good form. First year maiden had good repeat and stop in your track blooms with exhibition form and good size. Anticipating next year with this plant.
Randy Scott	6	9	7.5	8.7	3	3	3	4	4	1	HT	Lovely bloom, but not enough of them. Great Exhibition bloom on a disease free hardy plant. Good for exhibition and good as a garden rose.
Sedona	2	2	7.8	7.6	3	3	3	4	4	2	HT	This is one of my favorite HTs. It does fairly well in resisting blackspot. It is great in its bloom production and the color is arresting.
Snuffy	6	8	7.4	8.1	3	2	4	4	4	1	HT	Touch of Class color on first year maiden. Nice exhibition bloom.
