TOTAL # CRs:

VARIETY	Comments
Adobe Sunrise	
Colorific	This rose has gorgeous color and is very floriferous. Beautiful color. Great rose for arrangements. Grows well but struggles to come back over winter.
Drop Dead Red	Very good form and bright red color on long stems. Only I would rate it slightly (not much) less florific than 'Colorific'. It's color survives even the hottest sun. Getting great sprays in 2nd year. Color is strong red. Not an exhibition rose.
Easy Does It	Bright, cheerful colors, ruffled blooms and quick repeat. more of a garden rose than an exhibition rose. Beautiful color & form. Blends well with other plants in the garden. Form is fleeting.
First Impression	Very clean bush with beautiful bright yellow blooms that are tipped in white. Most blooms are miniflora size although basals are larger with longer stems, more floribunda size.
Hey Good Looking	
Kimberlina	
Koko Loko	Interesting color with good form. I didn't like the color of Lavender Pinocchio (remember that one?) and this is the same.
Marshmallow Fluff	Really like the small clusters of blooms that keep as a cut flower for 2 weeks in a vase. Also the continual flush of blooms.
Monkey Business	The color is bright , form excellent, size of bloom 3 to 5 inches. Stems short
Peachy Cheeks	
Pumpkin Patch	not performing in moderate shade
Susan's Sister	
Taboo	

VARIETY	Comments
Walking on Sunshine	Very vigorous! Pretty medium yellow blooms. Nice anise fragrance. well branched and balanced. Absolutely spotless foliage while others struggled in the 90 - 100 degree heat. This was the most outstanding cultivar in my rose garden this season. When other roses wilted, got blackened leaves, got defoliated, and had blossoms that baked and withered in the heat, this rose stood strong and looked healthy, kept its leaves. Floriferous rose. Very fragrant. Good in arrangements.
White Licorice	Nice sprays with good form and nice fragrance. The color and open bloom are very nice. Continuous bloom, nice color. Stems weak. Blackspots somewhat. Gives good big licorice perfumed blooms. Vigorous grower. Great exhibition rose. Intense licorice fragrance. Very floriferous.
Apricot Angel	Nice color and vigorous plants.
Dick Clark	Dick Clark' is definitely a garden variety. In spite of the heat, it has done very well in my garden. It has blossomed very well and very frequently. Its color is bright and holds well. Great color and blooms well. Bright color in garden, multiple blooms. Beautiful color with nice form on a hardy plant.
Pink Flamingo	Prolific bloomer.
Stephen Rulo	takes while to get established, but color is unique
Sweetness	
Artic Circle	Disproportionate bloom size versus stem size. Hence does not blend in a collection for showing. Big flowers on thin stems which can't support the weight. Heavy mildew.
Beverly	
Crescendo	Rare blooms, great when you get them. Weak plant. Slow starter, does best in pots.
Dinah Gee	
Domina	Not getting size of blooms I expected. Very clean white
Grande Dame	
Howard and Sara	
Legends	Very large rose, but do not see many of them on the bush, seems a little stingy.
Love's Kiss	

VARIETY	Comments
Mohana	Like the intense yellow color
Over the Moon	It blooms well and often enough and I simply love the apricot blend color. It catches the eyes of visitors. For the exhibitor it could be a little better in having exhibition form. Roses died over the winter despite being winterized. Like the color and form. Soft blooms. Plants died over the winter.
Pink Promise	Good garden rose. Floriferous. Delicate color. Healthy good grower. taking time to establish.
Randy Scott	Nice form, big - has not established itself as an enthusiastic grower after 3 years. The pure whiteness of the petals is striking, and the form and substance of the blooms are wonderful. It's been slow to get growing for me. Beautiful rose with high center and consistent good big blooms on tall canes. Excellent exhibition rose. Great exhibition rose. Floriferous. Nice, clean, white exhibition bloom.
Red Headed Stranger	
Secret's Out	
Sedona	Does not really bloom well until late September/early October with exhibition quality blooms. It occasionally exhibits, but should do it more often. The amount of blooming is great and was one of the bright lights in my garden; in a year when my lights were few.
Snuffy	Great exhibition rose.
Sugar Moon	Great fragrance. Small blooms, weak plant.
Summer Love	
Twice in a Blue Moon	
Yellow Jema	
Citrus Burst	
Purple Splash	Love the purple and white striped blooms
Stormy Weather	Bloom changes color as it ages and remains a beautiful display. Vigorous, nice sprays. Color fades quick.
Three Weddings	
Abby Leonard	

VARIETY	Comments
All-American Girl	Large exhibition blooms with beautiful light pink color. Wish it was more prolific/Not a profuse bloomer.
Always on My Mind	
Alysheba	
Amber Sunblaze	
Ambiance	
Autumn Bliss	
Becka Anne	
Behind Closed Doors	
Bill Zumbar	
Blue Suede Shoes	
Boogie Woogie	not especially hardy
Brand New Girlfriend	
Brenda Lee (2008)	Very pretty color combo
Chelsea Brittlyn (Peppermint Patty)	
Daddy's Little Girl	
Dr Jim Hering	The blooms have perfect form and the color is striking.
Double Take	Great exhibition form. Not very floriferous. Finally getting a plant to bloom well. Up to now has been stingy. Supposed to be a good rose, but our bush is puny even after 3 years of growth.
Emma Grace	
First and Foremost	Vigorous grower. Blooms are cup shaped most of the time. Very floriferous. Not a great exhibition rose.
Flawless	The form and colors of the blooms are outstanding. Holds form very well. Has the most beautiful form and is a lovely clear pink. Will get more. Blackspots a lot.
Focal Point	Nice bloom but a slow repeater. Not floriferous.
Gem o' the Rockies	prolific and good color - holds well, not the best form
Good Ole Mountain Dew	

VARIETY	Comments
Hopscotch	
Joy	There were lots of perfectly formed roses, each one queen quality. One of the best exhibition minis with beautiful color. Excellent exhibition rose. Grows vigorously on multiflora rootstock. One of the top exhibition roses. Lots of blooms, all winners!
Joyful	my plant needs to grow more
Kiss an Angel Good Morning	
Lee Greenwood's American Patriot	
Lo & Behold	Good high centered bright yellow. Too winter tender for this area (Zone 6a), lost both bushes.
Magic Show	Very good form and nice color. Plant takes a beating over winter and struggles to come back, but gives lots of good exhibition blooms. Its a keeper for now. Floriferous with lots of exhibition blooms.
Memphis Belle	
Patron	
Powerhouse	Bright glowing orange color and very good form. Good red that works well in collections. Grows well over the summer but gets lot of dieback in winter. Not winter hardy and blackspots a lot. Blackspot magnet. Very few exhibition blooms. Most blooms have open centers.
Robin's Rose	
Shameless	The form, color, and substance have been outstanding. All you need to do is cut it and then take it to the Show. I won Queen of Minis in our Show with it this year. Vigorous bush gives beautiful two tone blooms. Excellent exhibition rose. Great exhibition rose. Fantastic color.
Smoke Rings	
Spirit Dance	Interesting color combo that blooms well on a healthy bush
Sunglow	Gorgeous blooms and stamens. deep golden yellow kissed with orange. Lovely fragrance and healthy foliage. Blooms well. Large single. Bushes have lots of blooms.

VARIETY	Comments
Sunswept	Not a great grower for me, stayed very small
Tabasco Cat	Vigorous plant. Gives both clusters and single blooms. Good exhibition rose. Very floriferous. Great Exhibition rose. But another reporter writes: Does not want to grow in my garden.
Warm & Fuzzy	Nice velvety red color and grows well
Cape Diamond	No disease and hardy, but give it space
Carefree Spirit	Very hardy, vigorous. Flower clusters long-lasting. Makes a great showing,
Claire Austin	I love the fragrance of this rose and the color. The drawback is that the canes bend downward when in bloom, this rose may be more of a climber than a shrub.
Hart Crane	Completely disease free
Lavender Meidiland	
Limoncello	Gets blackspot but keeps blooming
Milwaukee's Calatrava	Small and slow growing.
Peppermint Pop	
Pink Home Run	
Princess Dawn	Like the fragrance.
Smart Roadrunner	I really got this rose because of its name. The blooms are short-lived (about 3 - 4 days) on my bush. I hope that it matures with a longer bloom time. I also like the dark pink color.
Sniffer	I love the dark, glossy green foliage along with the bushy habit of this rose. There are continual flushes of blooms throughout the growing season. The mauve color along with the strong fragrance is a must in the garden.
Sunny Knock Out	Blooming beautifully for a first year rose. Nice constant blooms and no disease. Constant color. No need to deadhead or spray, blooms keep coming.
Tootsie's Lounge	
White Out	Compact
