SECTION B

HORTICULTURE DIVISION

1. Registration for the Penn-Jersey Convention is **REQUIRED** for exhibitors entering the competition this year. Membership in a Rose Society is not required. A couple exhibiting as a team will be considered one exhibitor.
2. Entries will be received between 7:00 a.m. and 10:00 a.m. on Saturday, September 13, 2025, at the Grand Resort. No entries will be accepted after 10:00 a.m. Judging will begin at 10:15 a.m. Only Judges, Show Committee and others assisting with the judging will be permitted in the Show Room after 10:15 a.m. and during judging.
3. All entries must be shown in the proper container correctly named, classified, and tagged with an entry tag bearing the variety name, class number, and exhibitor's name. This information is only required in the top section of the entry tag. Tags will be available in the set-up area. Misnamed, misplaced, or unlabeled entries will be disqualified.
4. Judging of the Horticulture Section will be carried out by ARS accredited and apprentice judges. The American Rose Society rules as defined in the current version of the *Guidelines and Rules for Judging Roses* on exhibiting and judging will be followed. Judges may make or withhold awards as in their opinion the entry merits. The decision of the judges is final. A blue ribbon is required for an award.
5. The Penn-Jersey District will exercise due caution in safeguarding exhibits. The P-J District cannot be held responsible for any damage to or loss of any exhibitor's equipment or supplies.
6. Entries must be entered using the approved ARS exhibition names as listed in the following: online Modern Roses database, *Modern Roses*¹², *Official List of Approved Exhibition Names*, *Handbook for Selecting Roses*, and recent registration on the ARS website. **The online Modern Roses database is the most up-to-date reference and will take precedence over the other references.** If a variety is not listed in any of the above official ARS sources, the *Combined Rose List* may be used as a reference.
7. The following definitions apply to this schedule. **Exhibition stage** is the stage at which a bloom is at the most perfect phase of beauty. The exhibition stage of a bloom depends on the number of petals that it has. For many-petaled blooms the exhibition stage bloom shows classic hybrid tea form: a bloom that is gracefully shaped with the petals symmetrically arranged in an attractive circular outline tending to a high center. For single and semi-double blooms, the exhibition stage bloom is fully open yet still fresh with bright fresh stamens. A **spray** is a group of florets containing two or more blooms on one main or lateral stem. A **large rose** is a bloom of any class of rose, except Miniature and Miniflora. A **single form bloom** is a bloom of any rose having 4 to 8 petals classed as a Single by the ARS.

8. All specimens must have been grown outdoors by the exhibitor. Any specimen may have unwanted side growth, side buds, and/or spent blooms removed to improve its appearance. Stem-on-stem may be penalized according to the degree of distraction. Presence of a foreign substance (e. g., leaf polish, etc.) on bloom, stem, or foliage will disqualify the specimen.
9. All containers are supplied by the Penn-Jersey District, unless otherwise noted. **All vases, boxes, etc., are available on a first come first serve basis.** Use of any material to position a specimen in a container is permitted and is to be provided by the exhibitor. This wedging material should not extend above the top of the container such that it distracts from the exhibit.
10. Unless otherwise indicated, only one entry per exhibitor is permitted in each Penn-Jersey Challenge Class. Unless indicated otherwise, multiple entries per exhibitor are permitted in all other classes if each entry is a different variety.
11. All entries must remain in place until the closing of the show, which will be Saturday, September 13th at 4:00 PM. Exhibitors desiring to pick up their roses and ribbons when the show closes may do so at show closing.
12. ARS Certificates will be awarded to the best blue-ribbon entries in the appropriate classes.
