Why I Recommend Mid-Missouri Artists

I highly recommend MMA because it is a wonderful group that offers encouragement and support to everyone, regardless of their creative interests. I also really enjoy the diverse programs presented at the monthly meetings.

 Artist is happy to review requests for custom commissions.

ABOUT THE ARTISTS

CREATIVE INTEREST— Fiber Art, Quilting, Embroidery, Handcrafted Fabric Bags

My love for thread and fabric began early, guided by my grandmother's lessons in embroidery. The encouragement I received in those early years sparked a lifelong passion for textile arts.

Over time, I began combining intricate embroidery with quilting, using thread design to bring each block to life. Winning a ribbon at the State Fair for one of my early pieces gave me the confidence to continue refining my craft.

Over the years, I have poured that love into creating custom quilts for nearly every member of my family and extended family. Recently, I expanded into designing handcrafted quilted bags, which have quickly become a favorite creation—even taking home a ribbon and cash award at this year's Mid-Missouri Artists Fine Arts Show!
