

OCTOBER 26th, 2025 – MUNICH GERMANY

The Future of SDD – A Global Discussion

KNOW BEFORE YOU

Background & Purpose of the Meeting

Thank you for agreeing to join us for this SDD community engagement event! Building on the findings of the international SuDDICU randomized trial (Selective Decontamination of the Digestive Tract in ICU), the purpose of the workshop is to engage in an international conversation about the future of SDD. By bringing together a diverse group of clinical and non-clinical people working within the ICU and hospital who have an interest or opinion on SDD, the aim is to discuss the benefits and challenges of SDD from multiple perspectives, to consider the existing scientific and experiential evidence and discuss the future of this treatment in the ICU environment. It's time to take a step back and think "What now?" as a community.

A Community Conversation

It is understood that views on SDD vary widely across our community - in fact the very purpose of this meeting is to have a robust discussion about the future of SDD which values all viewpoints. This meeting will be a safe space for all to share your thoughts in a constructive way that helps us to think about the future, while avoiding any particular rabbit holes and not fixating any temporary challenges (e.g. drug availability).

Meeting Website

Our meeting website – www.SDDforum.org - has all the information you need including participants, the agenda, the pre-reading and meeting information.

There are approximately **25 participants** from all over the world participating in this meeting – be sure to check out the attendee biographies on the website to see who you know!

How to Prepare for the Meeting

Please review the Infographic provided and Pre-Reading & Meeting Materials available on the website. Please read through the materials and consider up to three aspects of SDD that you find positive/encouraging, and up to three aspects of SDD that you find negative/concerning. You do not need to hand this into us, but please be ready to share your views at the workshop.

We can't wait to see you in Munich!

MEETING VENUE:

International Congress Centre
Messegelände, 81823 München,
Munich, Germany

***Congress Centre is an 8 min
walk from the Hotel**

Agenda-at-a- Glance
