COMPANY OVERVIEW

EIT is an IT solutions provider, specializing in delivering cutting-edge technology solutions and services to clients across diverse industries. With a team of experienced professionals and a commitment to innovation, we empower organizations to achieve their goals through strategic technology solutions.

CORE COMPETENCIES

IT Consulting
We provide extensive IT consulting services with a focus on SharePoint solutions. Our proficiency covers seamless SharePoint migrations, SharePoint administration, and the development of customized software solutions. We leverage Microsoft Power Platform to enhance productivity and streamline processes. Additionally, we aid clients in evaluating their technology requirements, devising strategies, and implementing solutions that align with their business objectives.

Cloud Solutions
EIT specializes in the migration, implementation, and management of cloud solutions on platforms like AWS and Azure. This empowers businesses to harness the advantages of cloud computing, including enhanced flexibility and cost-effectiveness. Our expertise includes guiding clients in transitioning their applications and infrastructure to cloud environments, offering strategic insights for a smooth migration.

Data Analytics
Our data analysis solutions enable businesses to extract valuable insights from their data. We offer tools for data visualization, business intelligence, and predictive analytics, facilitating informed decision-making. Additionally, we offer services for managing databases.

Accounting Services
Our accounting services manage accounts payable and receivable, assist with budgeting and forecasting, and provide insights into financial performance. We use cloud-based tools to streamline processes, improve accessibility, and support collaboration.

DIFFERENTIATOR

With over 30 years of combined experience in government contracting, our team has accumulated extensive knowledge and expertise in navigating the complex landscape of government regulations, compliance standards, and project management. This experience has honed our ability to manage large-scale contracts efficiently, ensuring timely delivery, cost-effectiveness, and adherence to strict government requirements.

PROFESSIONAL EXPERIENCE

EIT carries forward a legacy of expertise and dedication through its CEO and founder. With over a decade of hands-on experience in the private sector of the technology industry, including significant contributions to clients such as HHS and the County of San Diego, our CEO brings to the table a proven track record of delivering efficient, cost-effective IT solutions. Our team's experience also extends into leading and managing finance and accounting projects with over $200 million in annual revenue across both commercial (GDIT) and government (DOS, CMS) sectors. EIT's venture into government contracting is fueled by a deep-rooted commitment to excellence, leveraging extensive direct involvement in technology, budget and forecast analysis, and project management to meet the unique needs of our clients. Further details are available upon request.
