

# E3 Mentor Application

## Encourage. Elevate. Empower

### What We Look for in a Mentor

E3 is **powered by** women who are willing to share their experience, encouragement, and wisdom with others. You don't need to have all the answers—you simply need the compassion and empathy to guide, listen, and support. As a mentor, we look for women who:

- **Mentor with understanding.** Create a safe, supportive space for growth and discovery.
- **Commit with consistency.** Dedicate time to monthly workshops and mentorship sessions.
- **Foster connection.** Build authentic, trusting relationships with your mentee and the wider community.
- **Lead by example.** Share your experiences, celebrate progress, and encourage lasting change.
