

Groveland Municipal Light Department

Air Source Heat Pump / Ductless (Mini-Split) Rebate Application

\$250 - \$500

Directions

Fill out all fields. If filling out by hand, please print clearly. Documents submitted electronically should be pdfs. Attach copy of installer's invoice. A price quote is not sufficient proof of purchase. Provide close & clear pictures of unit labels (affixed to all units) making sure that the model number and brand are legible. Ask your installer for help gathering all info & documents. Your signature is required at the bottom of this page. Your electric account must be 6 month's old to apply and have no arrears for 6 months.

Section 2: Acknowledgements

- I am a residential customer of Groveland Municipal Light Dep't. (GMLD).
- I installed the above system(s) at the location that I listed in Section 1.
- Applicant must have an active account with GMLD for at least 6 months, with no arrears.
- If GMLD chooses, I will allow (GMLD) to conduct an on-site inspection or ask for further verification of my installed system(s).
- GMLD may terminate the program at its discretion or until annual funding runs out.
- I purchased and installed my system(s) within the 2020 calendar year (1/1/20 – 12/31/20).

GMLD Air Source Heat Pump Rebate Application

Section 3: System Eligibility Information & Associated Rebate

(1) Starting in the left row, select your system type. (2) Compare your system's SEER value with the values in the SEER column below. (3) Next, determine the number of *outdoor* units you have. (4) Multiply rebate amount by # of outdoor units for your potential rebate amount. *Example:* A ducted ASHP with a SEER value of 17 for would place you in the top row, resulting in a rebate amount of \$250.

System Type	Tons	SEER rating	EER rating	HS PF	Rebate Amount	Number of outdoor systems	Potential Rebate amount
<i>Ducted ASHP</i>	2.8+	16+	13.5+	8.5+	\$250	x	=
<i>Ducted ASHP</i>	2.8+	18+	13.8+	9.6+	\$500	x	=

<i>Mini-split (ductless)</i>	1.36+	18+	n/a	9+	\$500	x	=
<i>Mini-split (ductless ASHP)</i>	.98	20	n/a	11	\$400	x	=

Section 4: System Brand and model numbers.

Outdoor unit Brand	Outdoor unit Model #	AHRI number	Associated Indoor unit(s) model numbers
System 1:			
System 2:			
System 3:			
System 4:
