

Personal Giving

Tithe (10% of Income)...

Because of our covenant relationship with God, we are invited to first return His tithe - 10% of our income (Malachi 3:10, Matthew 6:33, Proverbs 3:9). All tithes are sent to the Lake Region Conference to support the ministry within the Conference as well as the worldwide work of the Seventh-day Adventist Church.

Other Love Offerings...

In grateful response to God's abundant blessings, we give additional gifts according to our income (1 Corinthians 6:2). On average our local church needs 6% to maintain its ministries' expense. An additional 2% is suggested for World Budget.
