

# Complete Customer Satisfaction

At Helio, we believe in full transparency. From the initial onboarding phase to interconnection, our customers are fully engaged in the process. We provide access to our project management software, which allows our clients to interact directly with our engineers and installation crews.

# Safe Clean Renewable

We are solar experts. We educate, we provide solutions for our customers, and we provide the highest warranty in the industry. We are experienced roofers, electricians, general contractors, and engineers, all trained to provide affordable and lasting solutions for energy independence.

# Ethical Business Practices

At Helio, we believe that in order to succeed we must build and maintain trust with our customers. We require our employees to strictly follow all UDAAP codes of conduct. We also require our staff to participate in ethical training classes to promote healthy business practices.
